INTRODUCTION

The Illinois Register is the official state document for publishing public notice of rulemaking activity by State governmental agencies. The table of contents is arranged categorically by rulemaking activity and alphabetically by agency within each category. Rulemaking activity consists of proposed or adopted new rules or amendments to or repealers of existing rules, including those by emergency or peremptory action.

The *Register* also contains Executive Orders and Proclamations issued by the Governor, notices of public information required by State statute, and activities (meeting agendas, Statements of Objection or Recommendation, etc.) of the Joint Committee on Administrative Rules (JCAR), a legislative oversight committee which monitors the rulemaking activities of State agencies. In addition, the *Register* contains a Cumulative Index listing alphabetically by agency the Parts (sets of rules) on which rulemaking activity has occurred in the current *Register* volume and a Sections Affected Index listing, by Title of the *Illinois Administrative Code*, each Section (including supplementary material) of a Part on which rulemaking activity has occurred in the current volume. Both indices are action coded and are designed to aid the public in monitoring rules.

The *Register* will serve as the update to the *Illinois Administrative Code*, a compilation of the rules of State agencies. The most recent edition of the *Code* along with the *Register* comprise the most current accounting of the State agencies' rules.

The *Illinois Register* is the property of the State of Illinois, granted by the authority of the Illinois Administrative Procedure Act (Ill. Rev. Stat. 1985, ch. 127, pars. 1001 et seq., as amended).

NOTICE OF PROPOSED AMENDMENT

1) Heading of the Part: Travel

2) Code Citation: 80 Ill. Adm. Code 2800

3) Section number: Proposed Action:

2800.240 Amendment

4) Statutory Authority: Ill. Rev. Stat. 1989, ch. 127, pars. 148, 148-1 and 148-2.

5) A Complete Description of the Subjects and Issues Involved:

Section 2800.240 of the Governor's Travel Control Board rules states that travel outside the contiguous United States be approved by the Director of CMS. The issue is that requests may be submitted to the Director only days before the travel commences, giving the Director little or no time to adequately review the requests. Requiring 30 days advance notice will ensure that all out-of-country requests will be addressed in a fair and timely manner.

6) Will these proposed amendments replace an emergency rule currently in effect? Yes.

7) Does this rulemaking contain an automatic repeal date? No.

8) Do these proposed amendments contain incorporations by reference? No.

9) Are there any other proposed amendments pending on this Part? No.

10) Statement of Statewide Policy Objectives: Rulemaking does not affect units of local government.

11) Time, Place and Manner in which interested persons may comment on this proposed rulemaking: Interested persons may submit written comments within 45 days of the date of publication to:

Stephen W. Seiple
720 Stratton Office Building
Springfield, IL 62706
(217)782-9669

12) Initial Regulatory Flexibility Analysis: Does not apply to small businesses.

4) Statutory Authority: Implementing Section 46.41 of the Civil Administrative Code of Illinois (Ill. Rev. Stat. 1989, ch. 127, par. 46.41) and Sections 301 through 303, 311 through 317, and 321 through 324 of the Job Training Partnership Act (97-300, effective October 13, 1982 (29 U.S.C. 1501), as amended by P.L. 97-404, effective December 31, 1982 (42 U.S.C. 602), P.L. 99-496, effective October 16, 1986 (29 U.S.C. 1501); P.L. 99-570, effective October 27, 1986 (21 U.S.C. 801); and P.L. 100-418, effective August 23, 1988 (20 U.S.C. 5001) and authorized by Section 46.40(b) of the Civil Administrative Code of Illinois (Ill. Rev. Stat. 1989, ch. 127, par. 46.40(b)).

5) A Complete Description of the Subjects and Issues Involved: On August 23, 1988, Title VI, Subtitle D, the Economic Dislocation and Worker Adjustment Assistance Act (EDWAA) was enacted. Existing provisions of Title III of the Job Training Partnership Act were replaced by EDWAA and State rules (56 Ill. Adm. Code 2625) were promulgated by the department to implement the new program. Part 2620 was not repealed at that time because carry-over funds for Title III were still subject to its provisions. Since all carry-over funds have now been expended, the department is repealing this Part.

6) Will this proposed repealer replace an emergency repealer currently in effect? No.

7) Does this rulemaking contain an automatic repeal date? No.

8) Does this proposed repealer contain incorporations by reference? Yes.

9) Are there any proposed amendments pending on this Part? No.

10) Statement of Statewide Policy Objectives: This proposed repealer does not create or expand a state mandate as defined in Section 3(b) of the

Section 900.330 Cost Finding

a) Allowable costs, except as specified below, and in Section 900.321(c), shall be those costs reported on the State of Illinois Interagency Statistical and Financial Report, which are supported by an audited financial statement for the same period. These reported costs must also be consistent with Section 900.321. Budgeted costs will be acceptable within the parameters of Section 900.330(b) where there are no historical costs available.

b) Only reasonable costs which are necessary for the accomplishment of program goals and objectives will be allowable. Allowable costs shall not exceed costs which would be incurred by a "prudent buyer." Parameters for frequently incurred costs, including staffing costs, will be developed by the Board through comparison of costs incurred by all reporting schools by type of program.

1) Reasonable Cost Calculations

A) All facilities will be grouped by type of program offered on the basis of actual costs for support, administration, and occupancy. Allowable costs for support, administration and occupancy utilize a cost ceiling of 125% of the median as a reasonable upper limit.

B) For a private for-profit facility, reimbursement will be allowable at 115% of the median cost for support, administration and the physical plant operation and maintenance portion of the occupancy costs for all facilities operating a similar type of program. When actual costs exceed 115% of these medians, a cost ceiling of 125% of these medians will be utilized.

C) Calculation of median costs will be based on cost reports received prior to April 15 for the coming rate year. Cost reports not received prior to April 15 may be included in the median calculation using the prior year cost report, adjusted for inflation, as established by the Board.

2) Reported costs will be updated for inflation experienced and projected for the time between the period covered on the cost report and the middle of the current school year. The Board will develop an appropriate index for inflation

GOVERNOR'S PURCHASED CARE
REVIEW BOARD

NOTICE OF PROPOSED AMENDMENTS

factors each year using the component method to update costs in programs for the same time periods.

c) Allowable costs approved by the Governor's Purchased Care Review Board for any nonpublic school program or segment thereof shall not exceed the allowable costs for that school which are approved by any other Illinois state agency for the same program or program segment.

d) Each Illinois state agency which purchases services from nonpublic schools shall certify to the Governor's Purchased Care Review Board for each nonpublic school receiving funding (subject to Section 14-7.02 of the School Code), the means by which rates are determined. This certification shall include a statement of the services purchased and their itemized cost. (For the purposes of this rule a local school district is not a state agency.)

e) Allowable costs may be adjusted for the cost of excess or idle capacity. Adjustments for these costs shall be described in subsection (f) of this Section. The Board may use as basis for allowable costs those costs reimbursed by the state in which the facility is located. These may, however, be adapted to meet known differences in cost determination methodologies to insure that no costs are allowed which should be disallowed under Illinois' cost finding methodology. Factors to be considered in determining whether to adopt the costs reimbursed by other states shall include:

1) The number of Illinois children treated by the out-of-state facility;

2) the unique nature of services provided by the out-of-state facility;

3) unique characteristics of the children being served by the out-of-state facility;

4) the difficulty in obtaining treatment for these children in other settings.

f) Per-student allowable costs shall be determined in the following manner:

1) Per-student allowable costs for room and board will be determined on the basis of actual enrollment or 90% of licensed capacity, whichever is larger.

2) Per-student allowable education costs shall be determined on the basis of program enrollment, as reported by the facility and verified by the Illinois State Board of Education. Such verification shall be based on the total reimbursement days claimed by all school districts for each facility. In the event of a discrepancy between the enrollment reported by the facility and the enrollment reported by the Illinois State Board of Education, the higher enrollment figure shall be used in determining the per-student allowable education cost, except as provided for in Section 900.342(a)(6).

GOVERNOR'S PURCHASED CARE

NOTICE OF PROPOSED AMENDMENTS

g) Cost determination for an out of state public school program shall be made on the basis of an operating budget for the public program.
   1) Such budget information shall be reported annually, prior to the first day of each school year, by an authority representing the out of state public school district or other public entity operating the program.
   2) Additional information such as enrollment, school calendar, weighting factors, or budget detail may be required if such information is not included in the operating budget submitted for review.
   3) Any increase in the actual costs of a program, determined after the original cost determination, shall be submitted to the Board in the form of an appeal, to be approved by the Board prior to payment being made by any Illinois school district. Appeals will only be considered which address changes in the current year budget and are submitted prior to the last day of the current school year.

Section 900.331 Reimbursement for Allowable Costs

a) Reimbursement shall be made on the basis of days of enrollment in a program at a nonpublic school approved by the Illinois State Board of Education.
b) Reimbursement to the local educational agency shall be made on the basis of an allowable cost determination approved in advance by the Governor's Purchased Care Review Board.
c) Except as specified below, the Illinois State Board of Education will reimburse local educational agencies for the allowable costs of educational programs provided by nonpublic schools and out of state public schools under Chapter 122, Section 14-7.02 of the School Code.
d) The local educational agency that has placed the student in a nonpublic school or out of state public school pursuant to Section 14-7.02 shall reimburse that nonpublic school for allowable costs of special education and related services and room and board except as specified below.
e) Reimbursement to the nonpublic school or the out of state public school shall only be made for services required for the individualized educational program of the student which are contracted for by a local educational agency.
f) Terms of enrollment shall be as contracted for by the local educational agency.
g) A portion of any grant made by the Department of Mental Health and Developmental Disabilities (DMH/DD) directly to a nonpublic school which is not linked to specific pupils/clients may be taken as a credit against reimbursement for allowable educational costs in the following manner:
   1) The grant amount will first be applied to any costs as defined in Section 900.321(b)(4).
   2) The grant amount will next be applied against the per-student allowable educational costs of those students who were not placed by a local educational agency. (Since this will be done prospectively, the calculation will be made on the basis of information from the most recently filed cost report prior to establishment of allowable costs by the Board.)
   3) The grant amount will then be applied to costs as defined in Section 900.321(b)(2).
   4) One-half of the grant amount which remains will be applied to reduce special educational costs.
h) Wherever a pupil/client meets the eligibility requirements of some other state agency and that state agency has approved the placement of that pupil/client in accordance with its own rules and procedures the other state agency shall be responsible for the reimbursement for the pupil/client. The Illinois State Board of Education will reimburse for room and board payments only when no other state agency is involved in the placement of the child.
i) All payments by an insurer or other third party payor which have not been taken as a credit against special education or related services costs and which can be used for room and board will be taken as credit against room and board costs.
j) The Illinois State Board of Education will not reimburse costs which are considered nonreimbursable in Section 900.312(b)(4).
k) Other state agencies may reimburse for costs which are otherwise nonreimbursable, but their responsibility for so doing shall be limited by their own rules and procedures regarding such payments. To the extent no other state agency has responsibility for these costs, parents or other responsible parties will be assured to have accepted responsibility for these costs. In no event shall state agencies, parents or other parties be allowed to pay for special education, related services and room and board fees in excess of those determined allowable by the Board for a child placed only by a local school district. Any such payments made by other than the Illinois State Board of Education for a child placed by the local school district would be used to offset the allowable costs for special education, related services and/or room and board approved by the Board for that particular student.
l) Other state agencies will continue to maintain effort as required by statute and regulation.

REVIEW BOARD

NOTICE OF PROPOSED AMENDMENTS

Section 900.342 Basis for Increase in Allowable Costs

a) Increases in allowable costs can be granted by the Board for the following reasons:
   1) There has been an extraordinary increase in program operating costs which are beyond the reasonable control of the provider and which substantially threaten the program's financial stability.
   2) Mechanical or clerical errors committed by the provider or the Board as depicted on required cost reports and in the rate calculation process used by the Board in ~~the--calculation~~ determination of allowable costs.
   3) Statutory or regulatory requirements of any state governmental units which ~~have~~ has or will have generated a substantial increase in allowable costs during the current cost reporting period.
   4) There has been or will be a substantial decrease in external funding, subsidies, grants, gifts, or donations which constitute a substantial portion of the funding for the core functions provided by a standard purchase program to the extent that such revenues were considered available when the Board approved the allowable costs for the provider.
   5) A substantial program change has been or will be undertaken which has or will result in a substantial increase in costs. The appeal must in all cases contain documentation with respect to the necessity of these program costs from the state agency or state department that purchases services from the provider.
   6) Where a provider believes a significant discrepancy exists between its enrollment figures as submitted and the enrollment figures determined by the State Board of Education, the provider may resolve the discrepancy with the appropriate local school districts and appeal the initial per-student allowable cost determination. Such an appeal will only be considered where the local school districts amend their enrollment figures with the State Board of Education.

b) If a provider elects not to submit costs to the Board for approval because the tuition charge for special education and related services has not increased by more than 10% over the prior school year and does not exceed $4500 per year, the provider may not then submit its costs for review after the beginning of the school year. Such costs will not be approved by the Board. Any provider electing to submit a cost report used for allowable cost determination may not revert to this provision in subsequent years.

In no case shall the effective date of any appeal be granted prior to the first day of the school year in which the appeal is received by the Executive Director.

   6) In the case of appeals based on Section 900.342 (a)(3), (a)(4) or (a)(5), such appeals shall be accompanied by a written statement secured by the provider from the governmental unit(s) which purchases come from the provider that the governmental unit(s) considers the costs claimed in the application for administrative adjustment to be warranted.
   7) Certification by either the chief executive officer or the financial officer of the provider that the application and all information reports, schedules, budgets, books and records submitted are true, correct and accurate. False certification shall be subject to whatever penalties are appropriate under the criminal statutes of the State of Illinois.

b) The Board will not accept or process an appeal which does not meet the requirement of this subsection. 15) Any relevant evidence presented which is of a type commonly relied upon by reasonably prudent individuals shall be admitted, i.e., any information not presented

in the Level I hearing previously which pertains to the issues raised in the appeal and has been made available to both parties within the agreed upon time.

g) Level I Hearings

1) The request for a Level I hearing shall be received within 2 days of receipt of the written notice.

2) The Hearing Officer for a Level I hearing shall be the supervisor of the DORS staff person who has taken the action being appealed, or that person's supervisor.

Level I hearing decision, and propose an acceptable date for the hearing which date shall be within 5 days of the request.

2) Within 1 day of receipt of the request for a Level II hearing, the DORS Hearings Coordinator shall send the grievant a letter acknowledging the request for a hearing, selecting a date, affirming the location of the hearing, stating the Hearing Officer's name and address and informing the grievant of all rights accorded pursuant to this section.

3) The hearing shall be heard by an Impartial Hearing Officer selected by the Hearings Coordinator from the list maintained by him/her.

4) DORS shall make an audio tape recording of the proceedings and will provide one copy to the grievant upon request, at no cost. Upon request by a visually impaired grievant, one copy of either a braille or large print transcript will be provided at no cost.

6) Findings of fact and the decision prepared by the Hearing Officer, will be mailed within 1 day after the adjournment of the hearing. 2) If the Director determines that a review is necessary, based on the rationale of the findings of fact and the decision of the Hearing Officer, a Notice shall be sent to the grievant, who shall be informed of the right to submit additional written evidence and arguments to the Director, which shall be received within 7 days of receipt of the Notice.

3) The DORS Hearings Coordinator and appropriate program staff shall review the grievant's case file and the transcript of the Level II hearing, and make a recommendation to the Director regarding a Level II decision which is thought to be:

B) in excess of the statutory authority of DORS;

C) affected by other error of law, regulation, or written policy;

D) not reasonably supported by the evidence; or

E) arbitrary, capricious, or characterized by abuse of or clearly unwarranted exercise of discretion.

4) The Director may modify, reverse or uphold the Hearing Officer's decision. This decision is based upon review of the Level I decision, the Level II record, and the Hearing Officer's decision, and any additional evidence and arguments submitted by the grievant.

5) The Director's decision, citing the findings and grounds, shall be sent within 12 days of the Notice by Certified Mail, return receipt requested.

NOTICE OF PROPOSED AMENDMENTS

1) Heading of Part: Minimum Safety Standards for Construction of Type I School Buses

2) Code Citation: 92 Ill. Adm. Code 440

Illustration A	Amend
Illustration B	New Exhibit

4) Statutory Authority: Ill. Rev. Stat. 1989, ch. 95 1/2, pars. 12-800 through 12-820.

5) A complete description of the subjects and issues involved: By this Notice of Proposed Amendment, the Department proposes to revise its standards governing stop signal arms on Type I school buses. USDOT adopted a rule at 56 FR 20363, May 3, 1991, which establishes a new safety standard requiring that new school buses be equipped with an octagon shaped semaphore. The Department's authority concerning stop signal arms is contained in Section 12-803(b) of the Illinois Vehicle Code (the Code) (Ill. Rev. Stat 1989, ch. 95 1/2, par. 12-803(b)). The federal regulation requires that buses manufactured on and after September 1, 1992, be equipped with a stop signal arm which is octagon shaped. Section 12-803(a) of the Code requires buses with a model year prior to 1984 be equipped with a hexagon shaped semaphore. Section 12-803(b) of the Code authorizes the Department to set standards for buses with model years of 1984 or later. Upon adoption of this rulemaking, those buses with model years of 1984 or later, but manufactured prior to September 1, 1992, may be equipped with either a hexagon or an octagon shaped semaphore. Also, upon adoption of this rulemaking, and, in keeping with the federal regulation, all school buses manufactured on and after September 1, 1992 must be equipped with the octagon shaped semaphore.

Additionally, in agreement with the Code Division, the Department corrected statutory language without showing strike throughs and underlining. The statutory language shown in this Section is now correctly shown.

Finally, the Department changed the authority note.

Section 440.420 State Requirements

EXCEPT FOR MIRRORS, WHICH MAY PROJECT 153 MM (6") BEYOND EACH SIDE OF THE BUS, A SCHOOL BUS SHALL NOT EXCEED 2.44 M (8 FEET) IN WIDTH, 4.12 M (13 FEET 6 INCHES) IN HEIGHT, NOR 12.81 M (42 FEET) IN LENGTH (Ill. Rev. Stat. 1989, ch. 95 1/2, pars. 15-102, 15-103 and 15-107). However, a new bus will not be considered in nonconformance with these standards and will not be rejected in a "safety test" because one or more signal, clearance, parking, or driving lamps, mirror frames or supports, bumpers, rub rails, flexible portions of fender skirts or splash guards, or other safety devices extend beyond the above stated limits as necessary to perform their safety function properly; provided, such extension does not present a "snagging", sharp, or abrupt surface constituting an unwarranted hazard to a pedestrian. Each bus body shall be constructed so as to preclude road splash, road dust, or the bus engine's fumes or gas entering either the driver, passenger, or service entrance space through any joint, crack, hole, or opening other than an opened door or window. In addition, various portions of the bus body shall conform to the requirements set forth under the following paragraphs.

a) Aisle. An aisle, easily negotiated ("easily negotiated" means that an aisle meets the dimension requirements set forth in this subsection from front of bus to back of bus) and free of tripping

DEPARTMENT OF TRANSPORTATION

NOTICE OF PROPOSED AMENDMENTS

hazards ("tripping hazards" are tears, wrinkles and other imperfections in the floor covering material, or the floor itself causing the walking surface to be uneven), shall extend from the forward edge of the service entrance stairway to the emergency door in the rear of the bus or, when such door is absent, to the forward edge of the rearmost seat. This aisle shall be no less than 305 mm (12") wide at every location between floor covering and the top of each seat cushion and, in a bus manufactured in July 1987 or later, shall be no less than 380 mm (15") wide at and above a level 50 mm (2") below the top of any seat back on a non-handicapped student's seat. At least 1.75m (68.9") floor-to-ceiling height shall be provided above the entire required width of this aisle between the forward edge of the rearmost seat and the forward edge of the service entrance stairway.

b) Battery. Either one battery or two or more suitably connected batteries may be installed.

1) When rated in conformance with SAE Standard J537h the battery(s) shall provide a current flow for engine cranking no less than the engine manufacturer's recommended Cold Cranking Current (amperes for 30 seconds) at -18°=C (0°=F) or, at the purchaser's option, at -29°=C (-20°=F).

2) When rated in conformance with SAE Standard J537h the battery(s) shall provide a Reserve Capacity (duration of 25 ampere current flow) at 27°=C (80°=F) no less than 135 minutes.

Agency Note: If the purchaser needs to provide for extended cold weather bus operation immediately after malfunction or failure of the battery charging equipment he should specify battery reserve capacity, and temperature, commensurate with the temperature and duration of extended operation needed.

c) Battery Carrier. When the battery is mounted outside the engine compartment it shall be attached securely in a closed, weather-tight, and vented compartment that is located and arranged so as to provide for convenient routine servicing. The battery compartment door, or cover, shall be secured by an adequate manually operated latch(es) or other fastener(s). Each electrical cable connecting the battery(s) in this carrier to the body or chassis shall be one-piece between the battery terminal connector and the first body or chassis terminal connector.

d) Bumper, Rear. The rear bumper shall be of channel type cross

section with the top edge at least 225 mm (8.9") above the bottom edge, shall be formed from rolled steel at least 4.55 mm (.18") thick, and shall wrap around the rear corners of the body to a point at least 300 mm (11.8") forward of the rearmost point of the body at floor line. The rear bumper shall be attached to the chassis frame with provisions for removal by means of commonly available hand tools and the prevention of hitching-to or riding thereon. The rear bumper shall be of sufficient strength to permit the bus being pushed by another vehicle without permanent distortion.

e) Capacity, Passenger. THE RATED PASSENGER CAPACITY OF THE BUS SHALL BE THE SAME AS THE NUMBER OF 330 MM (13") WIDE PROTECTED, CONVALESCENT, OR HANDICAPPED PASSENGER SEATING SPACES EITHER INSTALLED OR PROVIDED FOR IN THE BUS (Ill. Rev. Stat. 1989, ch. 95 1/2, par. 12-802). Examples: A seat 990 mm (39") in width provides 3 passengers spaces; A seat 985 mm (38.8") in width provides 2 passenger spaces; A device resembling a seat but less than 330 mm (13") in width would not provide a passenger space. Neither a space not conforming to FMVSS 222 nor the driver's space shall be counted as a passenger space, except that any suitable space for transporting a convalescent or handicapped passenger shall be counted as a passenger space when computing passenger capacity.

f) Certificate and Registration Card Holder. At least 1 card holder with a transparent face no less than 150 mm by 100 mm (5.9" by 3.9") shall be securely affixed to the inside header panel out of the students' easy reach.

g) Color and Paint, Exterior. Except where otherwise specified, or allowed, the exterior of the bus shall be National School Bus Chrome Yellow (Federal Standard No. 595a, glossy chrome yellow enamel No. 13432).

1) Bumpers, wheels, rub rails, and body trim (if used) shall be black (Federal Standard No. 595a, glossy black enamel No. 170381).

2) Hood top may be either lusterless black, (595a, 37038) or lusterless chrome yellow.

Agency Note: To be certain of glare reduction, a purchaser should specify a lusterless paint.

3) Cowl top may be same finish as hood top.

4) Hub caps (if supplied) and those grilles located forward of

the engine may be a bright or light finish such as chrome, aluminum, white, etc.

h) Defrosters. Defrosting equipment shall be installed so as to help keep the window to the left of the driver and the glass in the service door clear of fog or frost. This defrosting equipment shall conform to those FMVSS 103 performance requirements that are applicable to school bus windshields.

i) Emergency Exits. The following requirements apply to emergency exit doors and emergency exit windows.

1) A black arrow, curved or straight, at least 150 mm (5.9") in length and 15 mm (.6") in width, showing the direction each outside emergency exit release mechanism is to be moved to open the emergency exit, shall be painted or permanently affixed on the outside yellow portion of the bus within 150 mm (5.9") of each release mechanism.

2) An arrow showing the direction each inside emergency exit release mechanism is to be moved to open the emergency exit shall be painted or permanently affixed inside the bus within 150 mm (5.9") of each emergency exit release mechanism. Each inside arrow shall contrast with its background and, where suitable space is limited, may be smaller than the outside arrow(s) but must be conspicuous.

3) An audible and visible alarm shall be provided which will alert the driver when the engine is running and an emergency exit is locked and cannot be opened quickly and solely by operating the inside or outside emergency exit release mechanism(s) in accordance with the arrow(s) and instruction provided adjacent to the release mechanism(s).

4) An audible and visible alarm shall be provided which will alert the driver when the engine is running and either an emergency exit window, located within 460 mm (18.1") of the seating surface of a passenger seat, or an emergency exit door is released; i.e., "unlatched".

5) An alarm disconnect, "squelch control", or other alarm defeating or attentuating device shall not be installed.

j) Fire extinguisher (Optional). The fire extinguisher, if installed in the bus, shall be of the dry chemical type, with pressure gauge, mounted in a quick-release bracket of automotive type

located in view of and readily accessible to the driver, except when carried in the locked compartment authorized under subsection (t), below. The fire extinguisher shall be of a type approved by the Underwriters' Laboratories, Inc., with a rating not less than 10-BC. The operating mechanism shall be sealed with a type of seal that will not interfere with the use of the fire extinguisher.

Agency Note: At least one fire extinguisher MUST be carried in each school bus transporting pupils but the purchaser may elect to install an extinguisher he owns which conforms to the above requirement.

k) First-Aid Kit (Optional).

1) The first-aid kit, if installed in the bus, shall be readily identifiable and readily accessible to the driver. If this kit is not to be carried in the locked compartment authorized under subsection (t), below, it must be in view of the driver.

Agency Note: A first-aid kit MUST be carried in each school bus transporting pupils but the purchaser may elect to install a kit he owns which conforms to subsection (k)(2), below, except longer lengths and fewer packages of bandage may be used.

2) The first-aid kit shall conform to Section 393.96(c) of the Federal Motor Carrier Safety Regulations in Title 49 of the Code of Federal Regulations (49 CFR 393.96) except the contents, which shall be as shown in Appendix B, q.v.

l) Floor Covering.

1) All portions of the floor that come in contact with passengers' or driver's footwear shall be covered with a waterproof material. This floor covering shall not crack when subjected to sudden temperature change and shall be bonded securely to the floor with a waterproof substance. All seams and openings shall be filled with a waterproof sealer.

2) The floor covering in the aisles and entrance area shall be of ribbed, non-skid, wear-resistance type material commonly used in commercial passenger transportation vehicles.

m) Fuel System. Neither a fuel tank nor a fuel tube, pipe, or hose, may be installed within 300 mm (11.8") of the left exterior

surface of a bus with GVWR 10,000 pounds, or less, unless such tank, tube, pipe, or hose either is located wholly inboard the left of the chassis frame (or equivalent structural member) or is installed in a bus conforming to S6.2, S6.3, and S6.4 in FMVSS 301-75 (49 CFR 571.301-75). A bus with GVWR 10,000 pounds, or less, constructed of an incomplete vehicle manufactured before September 1, 1977, shall be deemed not conforming to S6.2, S6.3, and S6.4 in FMVSS 301-75 unless the label required under Section 440.310, states the bus (vehicle) conforms to FMVSS in effect September 1977 (9/77) or the manufacturer furnishes a separate certification which states the bus conforms to S6.2, S6.3, and S6.4 in FMVSS 301-75. This separate certification shall be lettered and affixed in the same manner and location as the label required in Section 440.320.

n) Glazing Materials.

1)

A) Laminated safety glass is optional on Type I school buses. All applicable provisions of FMVSS 205 apply to the laminated safety glass and also to any plastic material(s) used in multiple-glazed unit, including meeting the pertinent tests indicated below, which are specified in ANSI Standard Z26.1-1966 (R 1973), Z26.1a-1969, and are grouped in Table No. 1 of that Standard. Glazing shall be identified as shown below.

Glazing installed in:	Shall meet tests grouped in Z26.1 Table No. 1 under:	Shall bear one of the following identification markings:
Windshield	Item 1, laminated glass or multiple glazed unit;	AS 1 Glass;
Window or door forward of rear-most location of driver's seat back	Item 1 or 2, laminated glass or multiple glazed unit;	AS 1 Glass or AS 2 Glass;
All Other locations	Item 1, 2 or 3, either laminated glass or multiple glazed unit.	AS 1 Glass, or AS 2 Glass, or AS 3 Glass.

B) In addition, any exposed plastic layer of a multiple glazed unit shall be identified in conformance with FMVSS 205.

2) All glazing shall be installed so the identification markings are legible.

o) Heaters.

1) An inside temperature of not less than 10 degrees Celsius (50 F) shall be maintained throughout the bus while the bus is moving at 75 kilometers per hour (46.6 miles per hour) in calm air at the average minimum January temperature, as established by the Weather Bureau, U.S. Department of Commerce, for the area in which the bus is to be operated.

2) Each heater shall bear a nameplate which shall identify the heater manufacturer and state the heater capacity rating when tested as recommended in SAE Recommended Practice J638, or when tested in accordance with other nationally recognized standard or code. The recommended practice, standard, or code under which the heater is rated shall be identified on the nameplate. Such nameplate shall constitute certification by the heater manufacturer that the heater performance is as shown on the plate.

3) Heater hoses shall be supported so as to prevent wear due to vibration. The hoses shall not dangle or rub against the chassis or sharp edges and shall neither interfere with nor restrict the operation of any engine function (such as an emission or ignition control mechanism). Heater hoses shall be protected or baffled between the point at which they enter the passenger compartment and the point of attachment to the heater so that, in the event of hose rupture or disconnection, passengers and/or driver will not be subject to hot water burns.

p) Heater Hose Connections at Engine. Each heater hose connection to the engine shall include a shutoff valve located as close to the engine as practical. Such connection and valve shall not interfere with any engine function whether closed, partially open, or fully open, with heater hoses installed properly.

q) Interior.

1) Thermal and acoustic material(s) shall be installed in the

ceiling and the sides of the body to reduce heat transfer and the interior noise level.

2) The passenger compartment of the bus, including the ceiling, shall be free of any visible or concealed projections likely to cause injury. Exposed lapped joints shall be connected and/or treated to reduce likelihood of injury from exposed edges. Materials or components in the passenger compartment shall be free of any sharp corner or projections or shall be padded so as to make injury unlikely.

r) Lamps and Signals.

1) For informational purposes, pertinent requirements established by certain statutes and rules follow.

A) WHENEVER A SCHOOL BUS IS OPERATED FOR THE PURPOSE OF TRANSPORTING PASSENGERS OTHER THAN PERSONS IN CONNECTION WITH AN ACTIVITY OF THE SCHOOL OR RELIGIOUS ORGANIZATION WHICH OWNS THE SCHOOL BUS OR FOR WHICH THE SCHOOL BUS IS OPERATED, THE ... SIGNAL ARM AND FLASHING SIGNAL SYSTEM SHALL NOT BE OPERABLE THROUGH NORMAL CONTROLS. (Ill. Rev. Stat. 1989, ch. 95 1/2, par. 12-806)

B)

i) (Not pertinent)

ii) THE STOP SIGNAL ARM ... SHALL BE EXTENDED AFTER THE SCHOOL BUS HAS COME TO A COMPLETE STOP FOR THE PURPOSE OF LOADING AND DISCHARGING PUPILS AND SHALL BE CLOSED BEFORE STARTING OUT AGAIN. THE STOP SIGNAL ARM SHALL NOT BE EXTENDED AT ANY OTHER TIME.

iii) THE ALTERNATELY FLASHING RED SIGNAL LAMPS ... SHALL BE ACTUATED AFTER THE SCHOOL BUS HAS COME TO A COMPLETE STOP FOR THE PURPOSE OF LOADING OR DISCHARGING PUPILS AND SHALL BE TURNED OFF BEFORE STARTING OUT AGAIN. THE RED SIGNAL LAMPS SHALL NOT BE ACTUATED AT ANY OTHER TIME.

iv) THE ALTERNATELY FLASHING AMBER SIGNAL LAMPS ... SHALL BE ACTUATED CONTINUOUSLY DURING NOT LESS THAN THE LAST 100 FEET TRAVELED BY THE BUS

DEPARTMENT OF TRANSPORTATION

NOTICE OF PROPOSED AMENDMENTS

BEFORE STOPPING FOR THE PURPOSE OF LOADING OR DISCHARGING PUPILS WITHIN A BUSINESS OR RESIDENTIAL DISTRICT AND DURING NOT LESS THAN THE LAST 200 FEET TRAVELED BY THE BUS OUTSIDE A BUSINESS OR RESIDENTIAL DISTRICT. THE AMBER SIGNAL LAMPS SHALL REMAIN ACTUATED UNTIL THE BUS IS STOPPED. THE AMBER SIGNAL LAMPS SHALL NOT BE ACTUATED AT ANY OTHER TIME. (Ill. Rev. Stat. 1989, ch. 95 1/2, par. 11-1414)

C) THE DRIVER OF A SCHOOL BUS CARRYING ANY SCHOOL CHILD IS REQUIRED TO STOP, LISTEN, AND LOOK BEFORE CROSSING ANY RAILROAD, EXCEPT WHERE CERTAIN TRAFFIC CONTROLS ARE PRESENT. (Ill. Rev. Stat. 1989, ch. 95 1/2, par. 11-1202) However, the State's Rules and Regulations For Operating A School Bus (which are enforced in conjunction with State-aid for public pupil transportation operations) require such driver to stop at railroad crossings (no exceptions), open door to the right, listen, and look in both directions before crossing.

2) Alternately Flashing Signal Lamps. Each bus shall be equipped with an 8 lamp alternately flashing signal system that conforms to S4.1.4.(b) of FMVSS 108 (49 CFR 571.108) and provides for compliance with the Illinois Statutes quoted above. A separate circuit breaker and a master switch shall be provided for this signal system. When in its "off" position, this master switch shall prevent operation of the 8 lamp system; shall prevent operation of any lamps mounted on the stop signal arm required under subsection (ff),; and shall prevent operation of any electrically controlled mechanism that would cause the stop signal arm to extend. The controls for the 8 lamp flashing signals, the stop signal arm, and the service entrance door shall be arranged so as to provide for the following sequence of operations while the engine is running:

A) Place the alternately flashing signal system master switch in its "off" position. Close and secure the service entrance door. Actuate the alternately flashing signal system hand or foot control. The alternately flashing signal lamps of either yellow (amber) or red color shall not go on.

B) With the master switch "off" and the hand or foot

DEPARTMENT OF TRANSPORTATION

NOTICE OF PROPOSED AMENDMENTS

control actuated, open the service door. The alternately flashing signals of either color shall not go on and the stop signal arm shall not extend.

C) Deactivate the hand or foot control. Place the alternately flashing signal system master switch in its "on" position. Close and secure the service door. Then open the service door. The alternately flashing signal lamps of either color shall not go on and the stop signal arm shall not extend.

D) Close and secure the service door. Actuate the alternately flashing signal system by hand or foot control. A yellow pilot lamp in the view of the driver and the yellow alternately flashing signals shall go on.

E) Desecure but do not open the service door. The yellow pilot and the yellow alternately flashing signals shall go off. A red pilot lamp in the view of the driver and the red alternately flashing signals shall go on. The stop signal arm shall extend.

F) Fully open the service door. The red pilot and red signals shall remain on and the stop arm shall remain extended.

G) Close but do not secure the service door. The red pilot and red signals shall remain on and the stop arm shall remain extended.

H) Open the service door. The red pilot and red signals shall remain on and the stop arm shall remain extended.

I) Close and secure the service door. The red pilot and red signals shall go off and the stop arm shall retract.

J) Open the service door. Alternately flashing signals of either color shall not go on and the stop arm shall not extend.

3) Rear Turn Signals. Yellow turn signal lamps shall be mounted on the rear as far apart as practical and as high as practical but below the rear window. The effective projected illuminated area of these turn signal lamps shall be no less than required for the yellow alternately flashing

signal lamps required under subsection (r)(2), above; i.e., .0122 m^2 (19in^2).

4) Stop Signals. Red stop lamps shall be mounted on the rear as far apart as practical but closer to the vertical centerline of the bus than the rear turn signal lamps required under subsection (r)(3), and at the same height as those turn signal lamps. The effective projected illuminated area of these stop lamps shall be no less than required for the red alternately flashing signal lamps required under subsection (r)(2),; i.e., .0122 m^2 (19in^2).

5) Side Turn Signals. Two yellow side turn signal lamps conforming to SAE Recommended Practice J914a, August 1973, shall be installed on each bus of more than 32 passenger seating capacity. Except as indicated below, this Recommended Practice shall be read as setting forth mandatory requirements. The lamps shall be "armored" and mounted on the body between the rub rails required under subsection (z). The right lamp shall be within 1 m (39.4") of the rear of the service entrance but, on a forward control bus, not forward of the front axle. The left lamp shall be approximately the same distance from the front bumper as the right lamp.

6) Interior Lighting. At least the white nosings of the service entrance steps (subsection [cc][3]), the floor around the stepwell, the entire aisle, and each emergency door and emergency exit shall be illuminated by lamp(s) emitting a white light. At least 2 interior illumination lamps shall be installed in a bus that provides 330 mm (13") of seating width for each of 33 or more passengers. At least the nosings of the service entrance steps and the floor around the stepwell shall be illuminated automatically by opening of the service door. No lamp shall be installed at or near the eye level of a pupil moving through the service entranceway to the aisle unless such lamp does not shine directly into the eye(s) of any such pupil.

s) Lettering.

1) General. Except where otherwise required or allowed, lettering on the outside of the body shall be black against a National School Bus Chrome Yellow background. All required letters and numerals shall conform to Series "B",

or heavier series, of the Standard Alphabets for Highway Signs issued by the Federal Highway Administration, Washington, D.C. 20591. Decals may be used instead of paint. Signs, numbers, or letterings, other than those either required by statutes or required or permitted by these standards shall not be affixed permanently on either the outside of the bus or the inside of glazing so as to be visible to the outside. Inside lettering shall contrast with its background.

2) The words "SCHOOL BUS" shall be displayed against a National School Bus Chrome Yellow background as high as practical and approximately centered on the front and rear of the bus body, in letters at least 200 mm (8") high. These words may be painted on or applied to the bus body or displayed on a sign firmly attached to or built into the body. The background of an illuminated sign shall approximate the National School Bus Chrome Yellow color as closely as feasible.

3) A school bus identification number, supplied by the purchaser, shall be displayed as high as practical on the front and rear of the bus in numerals not less than 100 mm (4") high. Such number may be displayed on the sides of the bus as specified by the purchaser.

4) The name of the bus owner and/or the entity (such as school authority) for which the bus is operated shall be displayed on the right and left sides of the body, approximately centered and as high as practical below the window line, in letters at least 100 mm (4") high.

5) The body and/or chassis manufacturer's name, emblem, or other identification may be displayed, colorless or in any color, on any unglazed surface of the bus so as not to be mistaken for the name required in subsection (s)(4), and so as not to interfere with any required letters or numerals.

6) The words "EMPTY WEIGHT", or the abbreviation "EMPTY WT.", or the letters "E.W.", followed by the empty weight of the bus (Section 440.220), stated in pounds and newtons, shall be displayed on the outside of the body near the rear edge of the service entrance in numerals and letters at least 50 mm (2") high.

Examples:	EMPTY WEIGHT	16,800 lb 74 730 N	E.W. 16,800 lb 74.73kN

DEPARTMENT OF TRANSPORTATION

NOTICE OF PROPOSED AMENDMENTS

Agency Note: While undergoing a safety test (as required in Section 13-101 of the Illinois Vehicle Code) the bus must generate a braking force equal to at least 60 percent of its empty weight. The SI empty weight (force of gravity---N) corresponds to the U.S. customary empty weight (force of gravity---lb) used when computing the minimum braking force to be generated.

7) The word "CAPACITY", or the abbreviation "CAP.", and the rated passenger capacity (subsection (e) above) followed by the word "PASSENGERS", or the abbreviation "PASS.", shall be displayed on the outside of the body near the rear edge of the service entranceway, and on the inside above the right portion of the windshield, in numerals and letters at least 50 mm (2") high.

8) The words "NO STANDEES" shall be displayed inside above the windshield, approximately opposite the aisle but to the right of the mirror and sun visor, in letters at least 50 mm (2") high.

9) The words "EMERGENCY DOOR" or "EMERGENCY EXIT" may be displayed, inside or outside the bus, on a separate colorless background (such as white, aluminum, or silver) that extends no more than 15 mm (.6") above or below the words and no more than 25 mm (1") to the right or left of the words. The words "NO STANDEES" and/or the capacity (subsection [s][7]) may be so displayed on the inside only.

t) Locked Compartment (Optional). If specified by the purchaser, a lockable compartment may be installed for storage of fire extinguisher, first-aid kit, warning devices, wheel chocks, or other items.

1) The compartment locking device shall be connected with an automatic audible and visible alarm that will alert the driver when the engine is running and the compartment is locked. No alarm disconnect, "squelch control", or other alarm defeating mechanism shall be installed.

2) A red cross, formed of 5 equal squares, and the words "FIRST-AID KIT" shall be displayed on the compartment door, or cover, if the first-aid kit is to be carried in the locked compartment.

3) The words "FIRE EXTINGUISHER" shall be displayed on the compartment door, or cover, if the fire extinguisher is to be carried in the locked compartment.

DEPARTMENT OF TRANSPORTATION

NOTICE OF PROPOSED AMENDMENTS

u) Metal Treatment.

1) Unless excluded below, all steel or iron used in construction of the bus body and attached equipment shall be either resistant to atmospheric corrosion, or zinc coated, or treated by equivalent process. Particular attention shall be given to each fastener or attaching device, lapped surface, welded connection or fastening, cut edge, punched or drilled hole, surface subjected to abrasion, closed or box section, and any unvented or undrained area or space. The number of unvented or undrained areas or spaces is to be minimized. Excluded are door handles, grab handles, and interior decorative parts.

2) As evidence that above requirements have been met, a sample of fastener, material, or section of body, coated or finished as installed in the bus, when subjected to a 1,000-hour salt spray test in accordance with Standard ANSI Z118.1-1974 "Method of Salt Spray (Fog) Testing" (ASTM B 117-73) shall not exhibit more than 10 percent reduction in weight after all adherent corrosion products are removed.

v) Mirrors. Mirrors located inside or outside the bus shall be firmly supported, shall be adjustable, and shall afford the seated driver a clear, stable, reflected view.

1) At least one interior mirror shall be installed so as to afford the seated driver a view of the bus interior as well as portions of the roadway to the rear of the bus. The mirror(s) shall be of clear glass, shall have an overall reflecting surface at least 150 mm (5.9") by 760 mm (29.9"), and shall be framed, with rounded corners and padded edges.

2) An outside convex mirror shall be installed on the right side so as to afford the seated driver a reflected view of the roadway along the right side of the bus from at least the rearmost surface of the rear bumper to at least the forwardmost surface of the right front tire. The projected reflecting area of this convex mirror shall be no less than .028 m^2 (43.4 $in.^2$).

3) An outside convex mirror shall be installed on the left side so as to afford the seated driver a reflected view of the roadway along the left side of the bus from at least the rearmost surface of the rear bumper to at least the front edge of the driver's seat in its most forward position.

4) If any seated driver of a forward control bus does not have

a view of the front bumper and the roadway in front of the bus, a convex mirror shall be installed so as to afford such seated driver a reflected view of the front bumper and the roadway in front of the bus.

Agency Note: FMVSS 111 requires a crossview mirror on "conventional" school buses but not on forward control buses.

5) More convex mirrors than required above may be installed, if specified by the purchaser.

6) Each convex mirror shall be mounted so as not to reduce the rectangular reflecting area of any flat outside mirror below .0323 m^2 (50 in^2).

7) The average radius of curvature of each convex mirror shall be as long as practical, so as to provide for the required or desired view with as little distortion as feasible.

8) The reflecting surface on the back of each mirror shall be protected from abrasion, scratching, and atmospheric corrosion.

w) Mounting of Body. This subsection does not apply to an integral type bus.

1) After the date of manufacture of the incomplete vehicle the chassis frame shall not be altered so as to extend the wheelbase. Other extension(s) of the chassis frame may be accomplished only by the incomplete vehicle, intermediate, or final-stage manufacturer or by an agent of such manufacturer properly instructed and authorized by such manufacturer to make such extension(s).

2) Insulating material shall be placed at all mounting points between the body and chassis frame. This material shall be at least 5 mm (.2") thick, may have the qualify of the sidewall of an automobile tire, and shall be so secured that it will not move, vibrate, or "crawl" out of place during normal operations.

3) The body front shall be attached and sealed to the chassis cowl so as to prevent the entry of water, dust, or fumes through the joint between the chassis cowl and the body.

x) Rack, Book. Not permissible.

y) Reflectors, Front. TWO YELLOW (AMBER) REFLECTORS ARE REQUIRED TO BE INSTALLED SO AS TO INDICATE EITHER OR BOTH OF THE OUTER EDGES OF THE BUS TO A DRIVER APPROACHING THE FRONT OF THE UNLIGHTED BUS BETWEEN SUNSET AND SUNRISE. (Ill. Rev. Stat. 1989, ch. 95 1/2, par. 12-202)

1) Two yellow front reflectors, either prismatic or sheet (tape), shall be installed between 380 mm and 1525mm (15" & 60") above the roadway on either the fenders, the cowl, or the body as far apart as practical but with no part of the reflecting surface more than 300 mm (11.8") inboard of the maximum width of the bus at and including the rub rails required under subsection (z), below.

2) A prismatic reflex reflector, if installed, shall meet the performance requirements of FMVSS 108 and be installed with its front face essentially vertical and facing no more than 11.3 degrees outboard of forward.

3) Sheet or tape, if installed, shall be of reflex reflective material conforming to the specification in Appendix C. The forward projected area of such reflector shall be no less than .005 m^2 (8 in^2).

z) Rub Rails.

1) Rub rails of longitudinally corrugated or ribbed steel at least 100 mm (3.9") wide shall be fixed on the outside of the bus.

2) There shall be one rub rail located approximately at seat level which shall extend from the rear of the service entrance completely around the bus body without interruption, except at a rear emergency door or a rear compartment, to a point of curvature near the front of the body on the left side.

3) There shall be one rub rail on each side located approximately at floor line which shall extend over the same longitudinal distance as the rub rail required under subsection (z)(2), above, except:

A) This rub rail need not extend across a wheel housing, and

B) This rub rail may terminate at the radii of the right and left rear corners of the body.

DEPARTMENT OF TRANSPORTATION

NOTICE OF PROPOSED AMENDMENTS

4) Each rub rail required above shall be fastened to the bus body so as to attain at least 60 percent of the tensile strength of the weakest joined material, when strained in a direction parallel to the length of the rub rail.

5) Each joint in a rub rail required above shall be constructed so as to attain at least 60 percent of the tensile strength of a jointless length of rub rail, when strained in a direction parallel to the length of the rub rail.

6) More than 2 rub rails may be installed on a side and/or the rear of a bus.

aa) Seating. Each seat and each barrier are required to conform to Federal Motor Vehicle Safety Standards (FMVSS). See Section 440.10 and Appendix A.

1) Seat, Driver's. The driver's seat shall be rigidly positioned, and shall afford both vertical and fore-and-aft adjustments of not less than 100 mm (3.9"), without the use of a tool or other non-attached device. The shortest distance between the steering wheel and the back rest of the operator's seat shall be no less than 280 mm (11").

2) Seats, Students'. In a bus manufactured in July 1987 or later:

A) Each non-handicapped student's seat shall be constructed so that the shortest straight-line distance from top of seat back to empty seat cushion is 28" when measured near the transverse center of the seat at the front of the seat back and along the angle of rearward inclination of the seat back. Since the height of a seat back is difficult to measure precisely on a repeatable basis, a measurement of 27.5" or more is deemed acceptable.

B) Each non-handicapped student's seat shall be forward facing.

3) Barriers, Students'. In a bus manufactured in January 1988 or later, the vertical distance from the floor covering to the top of a barrier positioned in front of a student's seat (as required by FMVSS, [see APPENDIX A, Standard No. 222]) shall measure not less than the vertical distance from the floor covering to the top of the seat back on the non-handicapped student's seat installed behind that barrier.

DEPARTMENT OF TRANSPORTATION

NOTICE OF PROPOSED AMENDMENTS

4) In the case of a seat to be occupied by a handicapped student, the seat back, forward facing, and barrier requirements of subsections (aa)(2) and (3) shall be changed only as necessary to meet the needs of the handicapped student (e.g., seat missing to accommodate wheelchair, hard surfaced stretcher installed to accommodate child who is not capable of sitting in an upright position).

bb) Seatbelt(s), Driver's. Each driver's seatbelt assembly shall be arranged so that all portions of the assembly remain above the floor when not in use. Any retractor(s) installed shall be of the automatic locking type.

cc) Service Entrance and Door.

1) The service entrance shall be located on the right side near the front, in unobstructed and convenient view of the driver. The service entrance shall have a minimum vertical opening of 1.7 m (67") and a minimum horizontal opening of 610 mm (24").

2) A steel grab handle not less than 250 mm (9.8") in length shall be firmly attached in an unobstructed location inside the entrance way.

3) The bottom step in the entranceway shall not extend beyond the outside of the body. With all seats empty, the bottom step shall be not less than 300 mm (11.8") and not more than 400 mm (15.7") from the roadway. At least 2 steps shall be provided. The steps shall be enclosed. Risers shall be approximately equal. Each step, including the floor at the top riser, shall be surfaced with a nonskid material with a 40 mm (1.6") to 80 mm (3.1") white nosing as an integral piece.

4) The service door shall be either manually or power operated by the seated driver. When in the closed and secured position, the door operating mechanism shall prevent accidental opening but shall afford prompt release and opening by the driver. No exposed parts of a door operating mechanism shall come together so as to shear or crush finger(s). The vertical closing edge(s) of a service door shall be padded to lessen chance of injury.

5) A power operated door shall be equipped for emergency manual operation in case of power failure. Instructions for emergency operation of a power operated door shall be

DEPARTMENT OF TRANSPORTATION

NOTICE OF PROPOSED AMENDMENTS

NOTICE OF PROPOSED AMENDMENTS

ff) Stop Signal Arm.

1) ~~Section 12-803 of the IVC provides that, "...~~EACH SCHOOL BUS SHALL BE EQUIPPED WITH A STOP SIGNAL ARM ON THE DRIVER'S SIDE OF THE SCHOOL BUS WHICH MAY BE OPERATED EITHER MANUALLY OR MECHANICALLY.

A) FOR ANY SCHOOL BUS WITH A MODEL YEAR PRIOR TO 1984, THE ARM SHALL BE A HEXAGON SHAPED SEMAPHORE APPROXIMATELY 18 INCHES WIDE AND 18 INCHES LONG AND OF 16-GAUGE METAL. "STOP" SHALL BE PAINTED ON BOTH SIDES IN WHITE LETTERS AT LEAST SIX INCHES HIGH WITH A BRUSH STROKE APPROXIMATELY 7/8 INCH WIDE AND ON A RED BACKGROUND APPROXIMATELY EIGHT INCHES X 16 INCHES. DECALS MAY BE USED INSTEAD OF PAINTING. THE REMAINING AREA OF THE STOP SIGNAL ARM SHALL BE PAINTED WHITE AND SHALL EITHER BE REFLECTORIZED OR SHALL HAVE TWO DOUBLE FACED LAMPS WITH PLAIN, RED LENS APPROXIMATELY FOUR INCHES IN DIAMETER LOCATED ONE AT THE TOPMOST AND ONE AT THE BOTTOMMOST POSITION OF THE ARM. SUCH LAMPS SHALL LIGHT AND FLASH WHEN THE ARM IS EXTENDED AND SHALL TURN OFF AND STOP FLASHING WHEN THE ARM IS CLOSED.

B) For any school bus with a model year after 1983 but manufactured prior to September 1, 1992, the arm can either be a hexagon or an octagon shaped semaphore. The arm must conform to all other provisions listed in subsection (ff)(1)(A). (Ill. Rev. Stat. 1989, ch. 95 1/2, par. 12-803)

C) For any school bus manufactured on and after September 1, 1992, the arm must be an octagon shaped semaphore which conforms to 49 CFR 571.131 (56 FR 20363, May 3, 1991). No later amendments to or editions of 49 CFR 571.131 are incorporated. (Ill. Rev. Stat. 1989, ch. 95 1/2, par. 12-803(b))

2) "Operated ... mechanically" shall be interpreted to include power operation. Also, "16-gauge metal" shall be interpreted to include thicker metal and any nonmetallic material equivalent or superior to hot rolled 16-gauge mild steel in stiffness, corrosion resistance, and durability.

3) ~~The figure in Illustration A depicts one shape of arm that conforms to Section 12-803, IVC.~~Section 440.Illustration A depicts the hexagon shaped semaphore referenced in subsection (ff)(1)(A). Section 440.Illustration B depicts the octagon shaped semaphore referenced in subsection (ff)(1)(C).

4) When demonstrating conformance with signal operating requirements by performing the sequence of operations specified under Section 440.420(r)(2), the driver, or operator, may employ any independent or manual operation or disconnection of the stop signal arm that is provided for convenient use by the seated driver without using any type of tool and without removing any unattached part.

gg) Storage Compartment(s) (Optional).

1) If installed, the storage compartment(s) shall be fire-resistant and of adequate strength and capacity for the storage of the items to be carried, such as tire chains, tow chains, tools for roadside or minor repairs, school activity equipment, etc. The compartment(s) shall provide reasonable security for the contents and shall be constructed and installed so as to preclude passenger injury due to the compartment(s) or the contents becoming dislodged when the bus is subjected to the maximum possible braking force and to minimize chances of such injury when the bus is subjected to a collision impact.

2) If a relatively small storage compartment is located inside the passenger compartment, seat cushion(s) alone may not serve as the cover for the compartment.

hh) Sun Visor. An interior, adjustable, transparent, tinted sun visor not less than 150 mm (5.9") high by 760 mm (29.9") wide shall be so installed that it can be turned up and will remain up when not in use. It may be supported so that it can be moved for use on the driver's left, but when used in front of the driver and in a position approximately parallel to the windshield it shall be supported at or near each of its ends so as to minimize its vibration.

ii) Tow Hook, Rear (Optional). Any tow hook(s) installed on the rear shall be attached or braced to the chassis frame, or to an equivalent structural member of an integral type bus. A tow hook may not extend beyond the rear face of the rear bumper.

jj) Undercoating. The underside of the body, including floor members and the side panels below the floor, shall be coated with a fire-resistant undercoating material applied by the spray method so as to seal, insulate, reduce corrosion, and reduce interior noise. Non-metallic components need not be coated.

kk) Ventilation. The body shall be equipped with a controlled ventilation system of sufficient capacity to maintain a

satisfactory ratio of outside to inside air under cool and cold operating conditions without opening of windows. With a powered ventilation system, air outlet openings shall be located, sized, and manufactured so that, with doors and windows closed, a positive pressure is maintained in the driver and passenger spaces, to lessen chances of dangerous gas entering such spaces. Fresh air inlet(s) shall be located so as to minimize entrance of either dangerous engine gas or obnoxious engine fumes.

ll) Warning Devices (Optional). Emergency warning devices supplied with the bus shall consist of 3 bi-directional, fluorescent-reflective, day-night, triangular warning devices that conform to FMVSS 125.

Agency Note: A school bus must carry warning devices when on the public roads, but the bus purchaser may elect to install his older, used, warning devices that are in serviceable condition and that conform to Section 12-702 of Illinois Vehicle Code, and to school bus safety test requirements.

mm) Weight Distribution and Gross Weight. Storage or cargo spaces, if installed, and seats shall be located so that when the bus is fully loaded as specified or advertised by the manufacturer the loads exerted on the roadway will exceed neither a tire load rating, nor a gross axle weight rating, nor the gross vehicle weight rating indicated by the data displayed on the label permanently affixed in compliance with Section 440.310.

nn) Wheel Housings.

1) Each wheel housing opening shall allow for unimpeded wheel and tire service or removal.

2) Each rear wheel housing shall provide the clearance recommended in SAE Information Report J683a, July 1966, for installation and use of tire chains on the dual or single tires installed on the rear wheels.

oo) Windows or Glazed Panels, Rear. Glazed panels, or windows, shall be installed in the rear of the bus so as to afford the seated driver a reflected view through the rear of the bus as wide and as high as practical without unduly weakening or increasing the cost of the body structure. Such view shall be as low as allowed by the back(s) of the rear seat(s) except that, when the aisle required under subsection (a), extends to a rear emergency door, an additional lower glazed panel shall be installed to afford the driver an additional view through such panel at least the width of

the required aisle and as low and high as practical. Any authorized or required sign(s), letters, or numerals displayed on the glazing in the rear of the bus shall be wholly located at least 1.12 m (44.1") above the floor; provided, however, the glazing identification markings required under subsection (n)(2), may be displayed at lower levels.

pp) Window Openings, Side. The following subparagraphs do not apply to a window or glazed panel installed forward of a front passenger seat, and are optional for a window installed either beside a rear passenger seat, or in a side emergency exit.

1) By sliding downwards each side window not excluded above shall provide an opening (for emergency egress) at least 560 mm (22") wide (fore & aft) and at least 230 mm (9") high. However, with the window in its lowest position the opening shall be at least 460 mm (18.1") above the seating surface of any passenger seat. Any latch located in the side window opening shall be recessed. Each such opening shall be free of outside or inside window guard(s) or bar(s). Split-sash windows may be installed. Each exposed edge of glass shall be banded.

2) A horizontal "Stop Line" shall be affixed permanently across the stationary structure between each of the windows that can be opened by sliding downwards. The bottom of the line shall be between 150 mm and 155 mm (5.9" and 6.1") below the top of the window opening. The line shall contrast with the color of the stationary structure and be at least 5 mm (.2") wide.

qq) Windshield.

1) The windshield shall be large enough to permit the operator to see the highway clearly, and shall be curved or slanted to reduce glare. The front cornerposts and other supports shall be shaped and located so as to cause as little obstruction to the driver's view of the highway as practical.

2) The windshield shall have a graduated glazing shade band across the top. The definition and boundary of this shade band shall be as recommended in SAE Recommended Practice J100, July 1969.

rr) Wiring.

1) All wiring for lamps and other electrical devices shall be

as recommended for automobiles, motor coaches, and heavy duty starting motor circuits in SAE Recommended Practices J556, J555a, and J541a and in other practices or standards referenced therein, unless preempted by FMVSS.

2)

A) Wiring shall be arranged in at least nine regular circuits as follows:

i) Head, tail, stop (brake), and instrument panel lamps;

ii) Clearance lamps and any lamps in or adjacent to step risers;

iii) Interior lamps;

iv) Starter motor;

v) Ignition, emergency exit alarm signal(s), and other alarm signal(s);

vi) Turn signal lamps;

vii) Alternately flashing signal lamps and stop signal arm lamps;

viii) Horn;

ix) Heater and defroster.

B) Any of the above combination circuits, except (vii), may be divided into independent circuits. Whenever feasible, all other electrical functions (sanders, windshield wipers, heaters, defrosters, etc.) shall be provided with independent and properly protected circuits.

3) Each body circuit shall be coded either by numeral(s) and/or letter(s) at approximately 100 mm (3.9") intervals, or by color and numeral(s) and/or letter(s), or by color(s) only. The code(s) shall appear on a diagram of the circuits in a readily accessible location.

4) A separate fuse or circuit breaker shall be provided for at least each circuit required under subsection (rr)(2)(A), except that components of the engine starter and ignition circuits may be protected by other means.

DEPARTMENT OF TRANSPORTATION

NOTICE OF PROPOSED AMENDMENTS

5) Wires not enclosed within the body shall be fastened securely at intervals of not more than 460 mm (18.1").

6) All terminals and splice clips shall be accessible.

7) The chassis manufacturer shall install a readily accessible electrical terminal so that the net body and chassis electrical current flow can be indicated through a chassis ammeter without dismantling or disassembling the chassis component. The chassis wiring to this terminal shall have a current carrying capacity at least equal to the maximum generator output.

4) Statutory Authority: Ill. Rev. Stat. 1989, ch. 95 1/2, pars. 12-800 through 12-820.

5) A complete description of the subjects and issues involved: By this Notice of Proposed Amendment, the Department proposes to revise its standards governing stop signal arms on Type I school buses. USDOT adopted a rule at 56 FR 20363, May 3, 1991, which establishes a new safety standard requiring that new school buses be equipped with an octagon shaped semaphore. The Department's authority concerning stop signal arms is contained in Section 12-803(b) of the Illinois Vehicle Code (the Code) (Ill. Rev. Stat 1989, ch. 95 1/2, par. 12-803(b)). The federal regulation requires that buses manufactured on and after September 1, 1992, be equipped with a stop signal arm which is octagon shaped. Section 12-803(a) of the Code requires buses with a model year prior to 1984 be equipped with a hexagon shaped semaphore. Section 12-803(b) of the Code authorizes the Department to set standards for buses with model years of 1984 or later. Upon adoption of this rulemaking, those buses with model years of 1984 or later, but manufactured prior to September 1, 1992, may be equipped with either a hexagon or an octagon shaped semaphore. Also, upon adoption of this rulemaking, and, in keeping with the federal regulation, all school buses manufactured on and after September 1, 1992 must be equipped with the octagon shaped semaphore.

Additionally, in agreement with the Code Division, the Department corrected statutory language without showing strike throughs and underlining. The statutory language shown in this Section is now correctly shown.

Finally, the Department changed the authority note.

Section 310.450 Procedures for Determining Annual Merit Increases

Effective July 1, 1991, the provisions for salary increases normally allowed under Section 310.450 as set forth below are suspended. No increases can be granted under this provision until further amendment.

a) An annual merit increase is an in-range salary adjustment for demonstrated performance.

b) Eligibility for an annual merit increase shall be determined by the following conditions:

1) Each employee will be eligible for a merit review after attaining 12 months creditable service. The employee's immediate supervisor shall prepare an Individual Development and Performance Evaluation form prior to the Performance Review Date, and discuss the results with the employee.

2) Should the Individual Development and Performance review result in the employee not being eligible for an annual merit increase due to provisions of Section 310.450(d), or should the employee's base rate be at the maximum rate of pay of the salary range assigned to the employee's position, the employee will not be eligible for an annual merit increase until 12 months of additional creditable service has been accrued.

c) Based upon the results of the Individual development and Performance Evaluation, the employees' immediate supervisor shall determine whether the employee's performance warrants or does not warrant an annual merit increase.

d) The amount of an annual merit increase recommendation shall be determined by use of the Merit Increase Guidechart of Section 310.540 if the employee's Individual Development and Performance Evaluation has on the Performance Review Date been evaluated at a Category 4 or higher level. An employee whose Individual Development and Performance Evaluation has, on the Performance Review Date been evaluated at Category 5 shall not receive an increase in the present base salary. However, in no event is the resulting salary to be lower than the minimum or higher than the maximum rate of pay of the respective salary range assigned to the employee's position.

e) The employee's immediate supervisor shall prepare a performance Certification and Salary Increase Recommendation form indicating whether or not the employee is eligible for an annual merit increase and the amount thereof.

a) Grantees under the Act shall maintain a ~~grievance~~ complaint procedure for resolution of any grievance ~~and~~ or complaints about its programs and services from applicants, participants, subgrantees, subcontractors, staff and other interested persons.

b) ~~Staff -- of -- grantees, -- subgrantees, -- participants, -- and -- other interested persons in a program operated under the JTPA may file a grievance or complaint. -- A grievance or complaint shall be filed within one year of the date the wrong or incident complained about occurred. -- The one year limitation shall not apply if the grievance concerns fraud or criminal activity.~~ All persons who are program applicants, participants or staff under the Job Training Partnership Act (JTPA), all contractors and grantees, and subrecipients thereof, of JTPA funds, and all interested persons shall be afforded the opportunity to resolve, by means of an administrative process, any alleged violation of the Act, federal regulations promulgated pursuant thereto, any grant, contract or other agreement entered into pursuant to the Act. Various types of complaints, as outlined in subsections (b)(1),(2), and (3), may be filed. Time limits are measured in calendar weeks (seven consecutive days). A time limit begins when the person responsible for a specific step receives the necessary information regarding the complaint. Time limits have been established to ensure both expeditious resolution of complaints, and to provide the necessary time for adequate review of all appropriate material. Should an aggrieved person(s) or entity neglect to adhere to the time requirements set throughout

this procedure, the aggrieved party(ies) are considered to have abandoned their complaint and the matter shall be considered resolved. In turn, failure by management to render a decision within the allotted time at any step constitutes denial and the complainant may proceed to the next step.

1) Civil Rights Complaints - If a ~~grievance~~ complaint concerns civil rights discrimination on the basis of race, color, national origin, age, ~~or~~ sex, religion, political affiliation or belief, or, as appropriate, citizenship, as defined by Section 2610.120(b)(1), the complaint ~~may~~ shall be filed ~~directly~~ with the ~~Secretary of the~~ U.S. Department of Labor (DOL), Directorate of Civil Rights (DCR) (200 Constitution Avenue, N.W., Room N4123, Washington, D.C. 20210) under the appropriate equal opportunity and nondiscrimination requirements applicable to the Act. Complaints must be filed not later than one hundred eighty (180) days from the date of alleged discrimination. In complaints of this nature, no entity shall attempt to prevent or dissuade the complainant from filing such a complaint and no attempt shall be made to informally resolve the complaint (29 CFR 31.7, revised as of July 1, 1989). ~~Civil Rights Act of 1964 (42 U.S.C. 2000d, 2000e, 2000h (1983)). Complaints alleging discrimination on the grounds of handicapped conditions will be processed under the procedures outlined in Public Law 93-112 (29 U.S.C. 794 (1983)) implementing Section 504 of the Rehabilitation Act of 1973, as amended. Complaints alleging discrimination on the basis of handicapped conditions must be resolved within 60 days of the filing or referral. If the complaint is not resolved to the satisfaction of the Complainant, the Complainant, or his/her representative may file a complaint with the Assistant Secretary of Labor (29 CFR 32.45(c)). All complaints filed with the Secretary of Labor shall be done so no later than 180 days from the date the incident occurred.~~

2) Handicap Complaints - If, however, a complaint alleges discrimination on the basis of handicap, as defined by Section 2610.120(b)(3) and (6), the complaint shall be filed with the Department. Complaints alleging discrimination on the ground of handicap in violation of Section 167 of the Act shall be filed and processed under the procedures outlined in the DOL's current regulations implementing Section 504 of the Rehabilitation Act of 1973 at 29 CFR 32.45 (revised as of July 1, 1989). Complaints filed with the Department must be filed not later than one hundred eighty (180) days from the date of alleged discrimination. If the complaint is not ameliorated to the

complainant's satisfaction under the state's complaint procedure within sixty (60) days from the date of filing, the complainant, or his or her representative, may request to have the complaint independently reviewed through an independent state review. An Independent State Review is a process in which testimony, hearing documents, and other applicable records are reviewed by an Independent Review Officer when an appeal is made after the State level hearing. The Independent Review Officer shall be an attorney licensed to practice law in Illinois under Article VII of the Illinois Supreme Court Rules. In complaints of this nature, no entity shall attempt to prevent or dissuade the complainant from filing such a complaint.

3) Other Complaints - Complaints of any other nature, not related to civil rights discrimination or handicap discrimination, shall be filed at the local level within one year of the alleged occurrence (see Section 144(a) of the Act). However, this one-year limitation does not apply if the complaint concerns fraud or criminal activity, which must be reported directly and immediately to the DOL (20 CFR 629.55, revised as of April 1, 1990). All persons who are program applicants, participants and staff under JTPA, all contractors and grantees, and subrecipients thereof, of JTPA funds, and all interested persons shall be afforded the opportunity to resolve by means of administrative process any alleged violation of the Act, federal regulations promulgated pursuant thereto, any grant, contract or other agreement entered into pursuant to the Act.

c) Complainants shall not be punished or penalized for the filing of a complaint under JTPA. The Department and the DOL shall not disclose the identity of any person who has furnished information or assistance in the investigation of a JTPA violation except to the extent necessary to carry out the purposes of 29 CFR 31, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder, nor may any person or organization or agency discharge or in any way discriminate or retaliate against any person for the filing of a complaint or the rendering of testimony in any proceeding or investigation (Section 164(g) of the Act).

~~i) Filing a Complaint - Staff of grantees, subgrantees, participants, and other interested persons hereto referred to as the complainant, shall notify the Grant Recipient and/or Administrative Entity's Equal Employment Opportunity/Affirmative Action (EEO/AA). The notification shall be either spoken or written. Complainants shall be advised of~~

Complainants ~~Staff-of-grantees, subgrantees,-participants,-and-other-interested-persons~~ shall be encouraged, but not required, to informally resolve complaints. ~~Complainants-shall-have-the-right-to-request-a-formal-hearing after--discussion--of--the--complaint--and--it--is--felt--by--the complainant-that-the-complaint-cannot-be-resolved.~~

1) Applicants, participants, subgrantees, subcontractors, staff and other interested persons, hereto referred to as the complainant, shall first provide oral or written notification to the Grant Recipient's or Administrative Entity's Equal Opportunity Officer (EO Officer) when filing a complaint. Complainants shall be advised of their right to have the complaint resolved, either informally or through a formal written complaint.

2) Upon receipt of a complaint, the EO Officer will log, investigate and review the allegation prior to a pre-hearing conference so that an appropriate resolution can take place at the time of the meeting.

3) Prior to the commencement of investigation, pre-hearing conference, or hearing activities conducted by the SDA/SSA, attempts shall be made to resolve a complaint with the involved supervisor, instructor, and employer's/training agency's complaint procedures. A complaint shall not be considered formally lodged with the SDA/SSA until these mediation efforts have been exhausted or when the complainant notifies the SDA/SSA that he or she will not be using the informal resolution process.

4) This pre-hearing conference shall be held within five (5) days from the date of receipt of the complaint. If no resolution occurs at the pre-hearing conference, the EO Officer shall forward to the complainant and other involved parties a report outlining his/her decision on the issues within five (5) days of the pre-hearing conference. The complainant has five (5) days following receipt of the findings of the pre-hearing conference in which to file a

written request for a formal hearing.

e) Formal Resolution.

1) Formal complaints may be filed for the types of complaints outlined in subsections (b)(2) (at the state level) and (3) (at the local level). A formal complaint shall be filed by submitting the State of Illinois Job Training Partnership Act Complaint Form. A decision based on the Independent State Review shall be issued within thirty (30) days from the date of receipt of the complaint appeal request. The decision rendered by the Independent Review Officer (on behalf of the Governor) shall be final.

NOTICE OF ADOPTED AMENDMENTS

14) Are there any amendments pending on this Part? No

15) Summary and purpose of rules:

By this Notice of Adopted Amendments, the Department deletes the date of incorporation by reference of 49 CFR 395 as of October 1, 1989 and inserts in its place the date of October 1, 1990, the date of the CFR's latest publication.

A review of the federal regulations adopted since October 1, 1989 indicates there is a change made by US DOT that should be reflected in the Department's regulations. This rulemaking will bring Part 395 in line with the federal regulations. The following is a summary of the change in US DOT regulations included in this adopted rulemaking.

By adopting this rulemaking, the Department's regulations will incorporate a change made to Part 395 by US DOT in rulemaking Docket:

MC-119 [55 FR 32916 (August 13, 1990)]

Docket MC-119 amended 49 CFR 395.3 "maximum driving and on-duty time" to include a phrase that was inadvertently omitted when the rule was last amended.

The Department is also including a revision to 49 CFR 395.13 per the request of the Illinois State Police (ISP), the agency responsible for enforcing the Motor Carrier Safety Regulations. The revision provides authority to the ISP to declare a driver out of service for hours of service violations. This adopted amendment also prescribes the responsibilities of motor carriers.

DEPARTMENT OF TRANSPORTATION

NOTICE OF ADOPTED AMENDMENTS

Docket MC-896 added a new paragraph at 49 CFR 390.21 "Marking of Vehicles" to allow motor carriers who rent certain rental vehicles to mark those vehicles with the name and address of the rental company and their US DOT identification number in lieu of requiring the motor carrier to display its required identification information on the sides of the rental vehicle.

Docket MC-114 amended the definitions of "private motor carrier of passengers" and "private motor carrier of property" in 49 CFR 390.5 to make them consistent with the definition of "private motor carrier" in the underlying statutory authority and to eliminate any misinterpretation of those definitions. The August 30 rulemaking corrected an error to the technical amendment made on August 13.

The Department is also amending this Part to include a definition for "Commercial Vehicle Inspections" as referenced in 92 Ill. Adm. Code 395.

Finally, this adopted rulemaking corrects an error in the definition of "alcohol concentration" by replacing the word "millimeters" with the word "milliliters."

NOTICE OF EMERGENCY AMENDMENT

2) Code Citation: 80 Ill. Adm. Code 2800

3) Section Numbers: Emergency Action:

2800.240 Amendment

4) Statutory Authority: Ill. Rev. Stat. 1989, ch. 127, pars. 148, 148-1 and 148-2.

5) Effective Date of Emergency Amendments: September 1, 1991

6) If these Emergency amendments are to expire before the end of the 150-day period, please specify the date on which it is to expire: Not applicable.

7) Date Filed in Agency's Principal Office: September 1, 1991

8) Reason for Emergency:

The Director of Central Management Services needs to have sufficient time to review out-of-country requests in order to determine if such travel is in the best interest of the State and reasonable in costs. By requiring requests to be submitted 30 days in advance, the Director will have time to make an informed, knowledgable decision before approving or disapproving the travel. Given the fiscal nature of the State, travel needs to be carefully monitored to ensure only necessary and authorized travel occurs.

9) A Complete Description of the Subjects and Issues Involved:

Section 2800.240 of the Governor's Travel Control Board rules states that travel outside the contiguous United States be approved by the Director of CMS. The issue is that requests may be submitted to the Director only days before the travel commences, giving the Director little or no time to adequately review the requests. Requiring 30 days advance notice will ensure that all out-of-country requests will be addressed in a fair and timely manner.

10) Are there any Proposed Amendments pending to this Part? No.

11) Statement of Statewide Policy Objectives: These amendments have no impact on local governments.

12) Information and questions regarding these Emergency Amendments shall be directed to:

91-0285 04/03/91 Bingo supplies sold to nonprofit organizations that are not exclusively charitable, religious or educational are subject to Illinois tax.

CERTIFICATE OF REGISTRATION

91-0440 06/03/91 It is unlawful for any person to engage in the business of selling tangible personal property at retail in this State without a certificate of registration from the Department.

CIGARETTE TAX

91-0300 04/08/91 A lienholder of confiscated property is not entitled to the notice of hearing provisions of Section 18c of the Cigarette Tax Act.

CLAIMS FOR CREDIT

91-0304 04/09/91 Vendor who overpaid Retailers' Occupation Tax must unconditionally repay the tax to the customer before a claim for credit can be approved.

91-0320 04/16/91 Claims for credit for taxes paid and not actually due may be applied for on Form RCR-101.

91-0328 04/16/91 A retailer is entitled to a repossession credit with respect to the original sale in which a default has occurred to the extent to which he has paid ROT on a portion of the price which he is not permitted to retain because of being required to make a repayment thereof to a lending agency under a "with recourse" agreement.

DEPARTMENT OF REVENUE

1991 SECOND QUARTER SUNSHINE INDEX

91-0488 06/27/91 Section 130.1960(d) explains that when a retailer repossesses and resells tangible personal property, he is entitled to a repossession credit relating to the original sale of property in which there has been a default, to the extent to which he has paid ROT on a part of the price he does not collect, or which he is not permitted to retain because of having to make a payment to a vending agency under a "with recourse" agreement.

COMPUTER SOFTWARE

91-0274 04/01/91 Maintenance agreements that provide for the provision of periodic updates of canned software constitute the sale of canned software and are taxable.

91-0280 04/03/91 Updates of canned computer software is subject to the Illinois sales tax on or after October 1, 1989.

91-0283 04/03/91 Software and updates to software delivered October 1, 1989, is subject to Illinois Retailers' Occupation Tax or Use Tax (sales tax). If computer software is licensed by a company to its customers, the transfer of such software is not considered a taxable sale if the transfer of such software contains all of the licensing restrictions listed in 86 Ill. Adm. Code Section 130.1935.

91-0287 04/04/91 Canned computer software is tangible personal property and is taxable when sold at retail. If a maintenance agreement provides for updates of canned software, it is also taxable.

91-0292 04/04/91 License of computer software that allows assignment of license by licensee "with permission of licensor" fails to comply with Section 130.1935(a)(1)(c) and therefore is a taxable license of software.

91-0305 04/09/91 Pursuant to 86 Ill. Adm. Code 130.1935, each of the enumerated criterion must be met in order for the transfer of software to qualify as a non-taxable license. If the license agreement is silent as to any provision, including the availability of a nominally priced replacement, other documentation must exist to verify the items of agreement between the parties.

91-0306 04/09/91 In order to have a nontaxable license of software, the license must comply with Section 130.1935(a)(1) of the Department's rules.

91-0307 04/09/91 The requirement of Section 130.1935(a)(1)(D) that the vendor will provide another copy of the software at minimal or no charge if the customer loses or damages the software need not be stated explicitly in the license of software so long as the licensor can show by other evidence that

such is, in fact, his or her policy. All other required elements of a nontaxable license must be stated explicitly in the license.

91-0316 04/12/91 A licensing of software at retail is not taxable if it meets the requirements of Section 130.1935(a)(1)(A-E). If any of the required terms are missing, the license is taxable.

91-0322 04/16/91 Retail sales of canned computer software constitute sales of tangible personal property and are taxable. Regulations at 86 Ill. Adm. Code 130.1935 govern the taxation of computer software.

91-0351 04/29/91 A license of software that complies with the requirements of 130.1935(a)(1) is non-taxable.

91-0379 05/15/91 One of the requirements of a non-taxable license of computer software is that the vendor will provide another copy at minimal or no charge if the customer loses or damages the software.

91-0385 05/15/91 An authorization code fee, required upon the sale of canned software, is subject to Retailers' Occupation Tax as part of gross receipts of sale.

91-0432 05/31/91 Section 130.1935 states that sales of canned computer software constitute sales of tangible personal property, and are taxable. Maintenance agreements which provide for updates of canned computer software are also taxable.

91-0476 06/14/91 Although it may be deemed a "maintenance agreement," an agreement that provides primarily for updates of canned software is taxable, because Section 130.1935 provides that updates of canned computer software are taxable. If training, telephone assistance, installation and consultation charges are separately stated from the selling price of the canned software updates, they are non-taxable.

91-0483 06/25/91 Charges for updates of canned software are considered to be sales of software and are subject to the ROT.

91-0484 06/25/91 In order to be nontaxable , a license ofsoftware must contain the elements required by Section 130.1395(a)(1) which includes a specific provision in the license that provides that the customer must destroy or return all copies of the software to the vendor at the end of the license period.

91-0490 06/27/91 The retail sale of canned computer software intended for general or repeated use is taxable. Custom software, as defined in Section 130.1935(c), is not taxable. Computer software maintenance agreements are

taxable if they provide for updates of canned software. If not, maintenance agreements are not taxable, and instead, the seller pays his supplier Use Tax on tangible personal property transferred pursuant to that maintenance agreement.

91-0499 06/28/91 Section 130.1935 explains that the retail sale of canned computer software constitutes the sale of tangible personal property and is taxable.

CONSTRUCTION CONTRACTORS

91-0302 04/09/91 Construction materials purchased for government project may be acquired with exemption number of exempt property owner under the provision of 86 Ill. Adm. Code Section 130.2075(d).

91-0309 04/10/91 This letter explains the tax treatment regarding purchases by construction contractors for installation and resale.

91-0323 04/16/91 When a contractor makes a purchase of materials for incorporation into real estate owned by a governmental body, the contractor may purchase the materials tax-free from his supplier by giving the certification required by Section 130.2075(d) of the Department's rules.

91-0330 04/17/91 Companies engaged in the business of plugging oil field wells with cement and cementing surface and long-string casing are construction contractors. As contractors, they are the end-users of the materials incorporated into real estate and must pay Use Tax on these materials.

91-0336 04/22/91 When a contractor makes a purchase of materials for incorporation into real estate owned by a governmental body, the contractor may purchase the materials tax-free from his supplier by giving the certification required by Section 130.2075(d) of the Department's rules.

91-0341 04/24/91 Construction contractors owe Use Tax on rock they purchase to incorporate into real estate.

91-0343 04/24/91 Generally construction contractors are the end-users of materials they incorporate into real estate, and so must pay Use Tax on such materials. However, construction contractors purchasing materials that will be physically incorporated into real estate owned by persons possessing an "E" number are exempt from paying Use Tax on such materials if they provide their customer's an "E" number to the supplier. Since gasoline is not physically incorporated in real estate, Use Tax must be paid on its purchase.

91-0360 05/09/91 Sales to construction contractors for incorporation into real estate

owned by governmental bodies, are exempt from the Retailers' Occupation Tax, Use Tax and related local taxes.

91-0365 05/10/91 This letter sets out the sales tax obligations of a seller of modular homes who also delivers and sets the modular units.

91-0366 05/13/91 A manufacturer engaged in selling prefabricated metal building components to construction contractors incurs a Retailers' Occupation Tax on these sales. Construction contractors are the users of the tangible personal property they purchase to permanently incorporate into real estate.

91-0396 05/20/91 Building materials purchased by a construction contractor to be incorporated into easements granted to a municipal water company are exempt from the Retailers' Occupation Tax in accordance with 86 Ill. Adm. Code 130.2075.

91-0406 05/21/91 When a mobile home is sold to a construction contractor for permanent affixation, Use Tax is incurred by the contractor.

91-0465 06/12/91 Construction contractors pay tax to their suppliers when they buy items of tangible personal property for incorporation into realty.

91-0477 06/17/91 This letter describes the IL sales tax obligations related to sales and installations of sound systems, alarm systems, telephone systems and intercom systems.

91-0480 06/19/91 Nurserymen and landscape contractors act as contractors when they transplant items into the purchaser's land. In this case, they do not incur a ROT liability, but owe Use Tax on the cost price of the items they transplant in purchaser's land. If they make no taxable sales and always remit Use Tax to suppliers registered to collect tax, they need not register and file monthly returns.

91-0487 06/27/91 When a construction contractor permanently affixes tangible personal property into real estate owned by an organization with an "E" number, the contractor can purchase that property tax-free. In claiming this exemption, he must provide his supplier with the group's "E" number and make the certification described in Section 130.2075(d)(4). See Section 130.2075(d).

DRUGS

91-0311 04/10/91 Physicians owe Use Tax on containers transferred to patients with prescriptions, unless they are registered and present a Certificate of Resale.

91-0335 04/20/91 Fixodent, a dental adhesive cream used to secure dentures, is

taxed at the low rate. The Department has determined that because it is a product used in conjunction with dentures - which qualify for the low rate because they are medical appliances - that it is also taxed at the low rate.

ENTERPRISE ZONES

91-0354 03/28/91 The rules governing the expanded exemption for manufacturing machinery and equipment used in an enterprise zone (86 Ill. Adm. Code 1951(b)) allow DCCA certified manufacturers to purchase fuel oil, replacement parts for machinery, grinding wheel sand, sand for mold castings, as well as safety equipment used when working on or operating machinery that qualifies for the general manufacturing machinery and equipment exemption at Section 130.330. The types of equipment qualifying under Section 130.1951(b) are more numerous than under Section 130.330.

91-0456 06/11/91 This letter describes the enterprise zone exemptions from local taxes.

91-0498 06/28/91 Building materials purchased for physical incorporation into real estate located in an enterprise zone must be purchased from a retailer located in the municipality or in the unincorporated area of the county which has established the enterprise zone into which the building materials will be incorporated in order for the sale to qualify for the deduction.

FARM MACHINERY & EQUIPMENT

91-0290 04/04/91 A scale used to weigh fertilizer and grain produced in a farmers field does not qualify for the Farm Machinery & Equipment Exemption. This is considered Pre-Production and Post-Production Activities respectively.

91-0296 04/08/91 Farm equipment does not include ordinary building materials to be permanently affixed to real estate.

91-0478 06/19/91 Purchasers of equipment which qualifies for the Farm Machinery and Equipment Exemption must provide the certification found at Section 130.305.

91-0502 06/28/91 Section 130.305 explains the nature and scope of the exemption for farm machinery and equipment, as well as the documentation required to support the exemption.

GRAPHIC ARTS

91-0318 04/12/91 Consumable supplies, such as one-time use aluminum plates, chemicals, cotton wipes and ink, are not exempt under the Machinery & Equipment exemption. Press blankets, however, are exempt because they

are considered part of the press itself. Ink and paper are generally exempt as having been purchased for resale.

91-0340 04/24/91 Graphic arts servicemen observe a 75% Service Occupation Tax de minimus provision.

91-0361 05/09/91 Computers sometimes qualify for the exemption available for Graphic Arts Machinery and Equipment. However, the use of computers to store data and generate text, design, or other formatted materials does not fall within the exemption. In addition, layout of materials is not an exempt use.

91-0381 05/15/91 Screw compressor can qualify for the exemption as exempt graphic arts machinery.

91-0410 05/22/91 Computers may qualify for the graphic arts machinery and equipment exemption found at Section 130.325, depending on how they are used in the printing process. Only when they are used to control an engraving system which produces printing cylinders or to control digital typesetting equipment, are they eligible for the exemption. Computers used to store data or generate text or graphics do not qualify for the exemption.

91-0495 06/28/91 Xerographic machines do not qualify for the graphic arts machinery and equipment exemption set forth in Sec. 130.325.

GROSS RECEIPTS

91-0276 04/02/91 Facility charge for a container storing liquid nitrogen is included in gross receipts of nitrogen sale subject to Retailers' Occupation Tax.

91-0289 04/04/91 The sale of containers to a retailer who will transfer the containers to his customer along with the tangible personal property contained therein is not subject to Retailers' Occupation Tax or Use Tax if such retailer presents to his supplier a Certificate of Resale. This is in accordance with Section 130.2070 of the regulations.

91-0332 04/19/91 Whether the amount for freight is taxable does not depend upon separate billing, but upon whether the seller and the buyer contract separately for such transportation or delivery charges by not including such charges in the selling price.

91-0342 04/24/91 Mail order shipping and handling charges are not included in gross receipts if they are separately contracted for. Section 130.415 defines "separately contracted for" as meaning: 1) The mail order form requires a separate charge for delivery; and 2) The charges designated as shipping

and handling are actually reflective of the costs of shipping, transportation, or delivery.

91-0369 05/13/91 Shipping and handling charges are included in gross receipts if they are not part of the selling price of the tangible personal property sold. If they are separately contracted for, they are not included. In the mail order context, "separately contracted for" means: 1) the order form requires a separate charge for delivery and 2) the charges designated as shipping are actually reflective of the costs of shipping.

91-0377 05/14/91 The value of a "free" coupon which entitles the bearer to a free item without obligation, is not included in gross receipts. However, the retailer giving away the free item owes Use Tax on the item he gives away.

91-0392 05/17/91 A paper vendor's charge for cutting the paper is subject to ROT as a cost of doing business.

91-0417 05/23/91 Taxpayers wishing to switch from a gross receipts to a gross sales basis of reporting, should follow the "wash-out" procedure described in Section 130.401.

91-0421 05/23/91 The ROT is measured by gross receipts from retail sales of tangible personal property. A writer selling his articles or stories to magazines would not incur a ROT liability.

91-0425 05/28/91 This letter discusses the Retailers' Occupation Tax consequences of discount coupons.

91-0485 06/27/91 Persons switching from the accrual to the receipts basis of accounting should follow the "wash-out" procedure described in Section 130.401.

HOTEL OPERATORS' TAX

91-0315 04/11/91 The Hotel Operators' Occupation Tax does not apply to separately billed transportation services provided by hotel to a corporate guest.

91-0426 05/29/91 There is no exemption from the Hotel Operators' Occupation Tax simply because the lessor of the rooms is a nonprofit organization, such as a church. See 86 Ill. Adm. Code 480.101(b) (4).

91-0482 06/20/91 Permanent residents of a hotel (a person who occupied or has the right to occupy a specific room or a specific block of rooms for at least 30 consecutive days) do not subject the hotel to Hotel Operators' Occupation Tax liability.

INTERSTATE COMMERCE

91-0291 04/04/91 If out-of-State customer takes possession of sale goods in Illinois, the interstate commerce exemption is not applicable.

91-0362 05/09/91 If a customer receives physical possession of tangible personal property in Illinois, Retailers' Occupation Tax liability is incurred, unless an exemption (such as a sale for resale) can be documented. If, however, by the terms of his agreement with the purchaser, the seller agrees to deliver (by carrier when the carrier is not the purchaser, or by mail) the goods from a point in this State to a point outside this State not to be returned to a point within this State, provided delivery is actually made, then no tax is imposed because the sale is in interstate commerce.

91-0389 05/15/91 The transaction described in this letter is not subject to tax because it is a sale in interstate commerce.

91-0401 05/21/91 A sale is not deemed to be in interstate commerce if the purchaser or his representative receives the physical possession of the property in this State.

91-0408 05/22/91 Section 130.340 of the Department's regulations describes the exemption from the ROT for sales of tangible personal property to interstate carriers for hire for use as rolling stock moving in interstate commerce. A limousine service might qualify for this exemption, but only if it moved for hire in interstate commerce on a regular and frequent basis, and had an Interstate Commerce Commission Certificate of Authority number.

91-0433 05/31/91 If items of tangible personal property are located in Illinois at the time of sale, and are delivered in Illinois to the purchaser, the seller incurs a Retailers' Occupation Tax liability. If the purchase order for an items is taken in another state, but the order is sent to Illinois to be filled from an Illinois inventory and shipped to an Illinois purchaser, then Illinois tax liability will be measured. However, if the items are located in Illinois but are sent by the seller (by mail or carrier) from a point in this State, to a point outside this State, not to be returned to this State, the item is non-taxable under an Interstate Commerce Exemption.

91-0441 06/03/91 If seller agrees with buyer to ship merchandise from a point inside Illinois to a point outside Illinois, not to be returned to Illinois, the sale is deemed to be in interstate commerce, and is tax exempt.

DEPARTMENT OF REVENUE

1991 SECOND QUARTER SUNSHINE INDEX

91-0470 06/13/91 This letter describes the interstate commerce exemption.

91-0471 06/13/91 This letter describes the interstate commerce exemption, the taxation of software, maintenance agreements and sales for resale.

91-0475 06/14/91 If tangible personal property is located in this State at the time of sale and is delivered to or picked up by the purchaser in Illinois, the sale is taxable. However, if the seller, by the terms of his agreement with the purchaser, ships the property out of State by carrier or mail, not to be returned to Illinois, then the sale is deemed to be in interstate commerce and is exempt from taxation.

91-0489 06/27/91 If a seller, by the terms of his agreement with the buyer, agrees to deliver the property from a point in Illinois to a point outside Illinois, not to be returned to Illinois, the sale is exempt because it is in interstate commerce.

LEASING

91-0312 04/10/91 Lessors of tangible personal property under true leases are the users of that property and incur a Use Tax obligation when they purchase items of tangible personal property for rental purposes.

91-0317 04/12/91 Leased telephone equipment is subject to Use Tax on lessor's cost price.

91-0368 05/13/91 When a lessor of a motor vehicle makes a sale from the rental inventory, Retailers' Occupation Tax is incurred.

91-0372 05/13/91 Lessors of tangible personal property under true leases are the users of that property and incur a Use Tax obligation when they purchase items of tangible personal property for rental purposes.

91-0376 05/14/91 Assignment of a lease agreement to a sublessor will not be taxable if title to tangible personal property is retained by original lessor.

91-0394 05/17/91 Lessor of items owes Use Tax on his cost price of items purchased for rental purposes. The only exception is the lessor of automobiles under lease terms of one year or less.

91-0413 05/22/91 In Illinois with the exception of leases of automobiles for periods of one year or less, rental receipts received under true leases are not subject to tax.

91-0414 05/22/91 This letter sets out the application of the IL sales tax laws to sales/leaseback transactions.

91-0416 05/22/91 With the exception of the rental of autombiles for periods of one year or less, rental receipts received under true leases are not subject to tax in Illinois.

91-0420 05/23/91 Section 130.2010 states that lessors are the users of the tangible personal property which is leased, and owe Use Tax upon its purchase. If the transaction is not a lease, but a conditional sale, then the lessor is really a seller and owes ROT when he sells the property. In determining whether a transaction is a true lease or a conditional sale, the most important factor is whether the agreement binds the "lessee" to make payments for a specified time. If so, the lease is actually a conditional sale, whereas if the lessee can cease leasing at any time, the transaction is a true lease.

91-0431 05/31/91 Persons engaged in the business of selling, who have purchased equipment to lease and then sell such equipment, are entitled to take a deduction from the ROT due on that sale for taxes previously paid, to the extent that it does not exceed the amount collected from the purchaser. The deduction can be taken on the seller's return, if he paid Use Tax to a supplier when the equipment was first purchased. If he self-assesses Use Tax, then he must file a Claim for Credit.

91-0449 06/06/91 A blanket resale certificate may be utilized when a lessor is unsure which items will be leased and which will be resold.

91-0459 06/11/91 In IL, lessors of tangible personal property do not incur sales tax on their gross receipt but incur Use on the purchase of the items that they are going to rent or lease to others. The only exception is lessors of automobiles under lease terms of one year or less.

91-0463 06/12/91 In IL, lessors are deemed to be the users of items purchased for rental purposes. The only exception is lessors of automobiles under lease terms of one year or less.

91-0473 06/14/91 When exempt organizations purchase tangible personal property for their use it is not subject to sales tax if such organizations present to their supplier an exemption identification number under a conditional sales contract.

LOCAL TAXES

91-0334 04/19/91 Where purchase orders are accepted outside Illinois and orders

are filled from an inventory outside Illinois, no local Retailers' Occupation Tax liabilities are incurred.

91-0337 04/22/91 Exemption from the State ROT also applies to locally-imposed Retailers' Occupation Taxes.

91-0346 04/25/91 The Home Rule Sales Tax will apply on 70% of the proceeds of the sale of gasahol made on or after January 1, 1990 and prior to January 1, 1993 and to 100% of the proceeds of the sales made thereafter. This is same mananer the Retailers' Occupation Tax is imposed on the sale of such fuel.

91-0349 04/26/91 In determining the applicability of a locally imposed Retailers' Ocupation Tax, the seller's acceptance of the purchase order or other contracting action in the making of the sale contract is the most important single factor in the occupation of selling.

91-0367 05/13/91 For jurisdictional purposes, the place at which the purchase order is accepted determines Home Rule Municipal Retailers' Occupation Tax liability. If an order is accepted in a Home Rule Municipal Retailers' Occupation Tax location, or by someone working out of an office in that locale, then Home Rule Municipal Retailers' Occupation Tax liability will lie.

91-0373 05/13/91 If a retailer is located in and accepts purchase orders in a municipality imposing the Home Rule Municipal Retailers' Occupation Tax, he incurs the Home Rule Municipal Retailers' Occupation Tax liability on his sales. This is also true for sales that are made outside the municipality by persons working out of an office located in the municipality.

91-0409 05/22/91 The Prudential decision, and Ill. Rev. Stat. 1989, ch. 73, Sections 614.1 and 1027, do not stand for the principal that insurance companies are immune from payment of the reimbursement charges which retailers may collect under the Home Rule Municipal Retailers' Occupation Tax (HRMROT). The HRMROT is a tax imposed upon retailers, not insurance companies. A retailer is statutorily authorized to reimburse himself for his tax liability by collecting an equivalent amount from his customers. If he seeks his reimbursement, his customers are obligated to pay the charge. Section 614.1 and 1027, as well as Prudential, prevent local governments from imposing a tax whose legal incidence is on insurance companies. Since the incidence of the HRMROT (as well as the Regional Transportation Authority Tax and the DuPage County Water Commission Tax) is on retailers, insurance companies must pay the reimbursement charges.

MANDATORY SERVICE CHARGES

91-0297 04/08/91 If any part of a mandatory service charge is used to fund or pay wages, labor costs, or employer costs of doing business, all of the service charge is includable in gross receipts.

MANUFACTURING MACHINERY AND EQUIPMENT

91-0273 04/01/91 "Manufacturing" does not include extractive activities; however, equipment used in a post-extractive, manufacturing activity may qualify for the Manufacturing Machinery and Equipment Exemption.

91-0284 04/03/91 A manufacturer of plastic cafeteria trays can claim the manufacturing machinery and equipment exemption.

91-0299 04/08/91 Machinery or equipment used for general ventilation, heating, cooling, climate control or general illumination not required by the manufacturing process does not qualify for the exemption available for manufacturing machinery and equipment.

91-0327 04/16/91 The manufacturing machinery and equipment exemption includes replacement parts for exempt machinery and equipment, but not supplies.

91-0338 04/23/91 Construction contractors can purchase tax-free when they purchase manufacturing machinery and equipment for their customers which they will install into real estate. See, 86 Ill. Adm. Code 130.330(g)(1).

91-0348 04/26/91 The MES exemption includes the sale of materials into an exempted type of machinery or equipment or tools which such purchaser uses himself in the manufacturing of tangible personal property or leases to a manufacturer of tangible personal property.

91-0350 04/27/91 The manufacturing machinery and equipment exemption is available to packaging machinery only if the machine places the item being manufactured into the packaging which reaches the ultimate consumer.

91-0358 05/08/91 Fuel oil used to power machinery and equipment does not qualify for the Manufacturing Machinery and Equipment Exemption. Section 130.330(c)(3) specifically excludes fuel oil.

91-0380 05/15/91 Machines used in hot dip galvanizing may qualify for the Manufacturing Machinery and Equipment Exemption.

91-0399 05/21/91 Use of machinery to place tangible personal property to be sold into a container, package or wrapping in which the property is sold to the ultimate consumer can qualify for the Manufacturing Machinery and Equipment Exemption.

DEPARTMENT OF REVENUE

1991 SECOND QUARTER SUNSHINE INDEX

91-0424 05/24/91 In order to qualify for the manufacturing machinery and equipment exemption a piece of machinery and equipment has to be used primarily (more than 50% of the time) in manufacturing and it is the obligation of the taxpayer to keep detailed records sufficient to document this fact.

91-0429 05/30/91 Manufacturing machinery and equipment exemption is available to servicemen producing video master tapes subject to Service Occupation Tax. When 50 copies of a custom designed product are created, the sale is subject to Retailers' Occupation Tax.

91-0450 06/07/91 Machinery used primarily to cut and accusplit large rolls of blank pressure sensitive paper to customer specifications for subsequent use as labels, bumper stickers and product wrapping, qualifies for the Manufacturing Machinery and Equipment Exemption. A shrink-wrap machine that places this paper into boxes does not qualify for the exemption because only equipment used to place the product into the container in which it is normally sold to the ultimate consumer falls within the exemption. In this case, the intermediate user will remove the items from packaging prior to sale to the ultimate consumer.

91-0453 06/10/91 This letter applies the Manufacturing Machinery and Equipment Exemption to equipment used to edit and duplicate video tapes.

91-0460 06/11/91 Notwithstanding that a sale is at retail, the sale of machinery and equipment used in the manufacturing or assembling of tangible personal property for wholesale or retail sale or lease is exempt from the Retailers' Occupation Tax.

91-0481 06/20/91 Blades used with exempt manufacturing machinery and equipment will also be exempt from taxation. However, use of machinery or equipment in the preparation of food and beverages by a restaurant or food service establishment will not be considered manufacturing. See 86 Ill. Adm. Code 130.330(d)(4)(I).

91-0492 06/28/91 Burnishing compounds that do not affect a direct and immediate change upon the product being produced is not considered manufacturing & machinery equipment and is subject to the sales tax on the purchase of such compounds for use in the manufacturing process.

MEDICAL APPLIANCES

91-0293 04/05/91 Surgical staples constitute medical appliances and are subject to the reduced rate of tax.

DEPARTMENT OF REVENUE

1991 SECOND QUARTER SUNSHINE INDEX

91-0335 04/20/91 Fixodent, a dental adhesive cream used to secure dentures, is taxed at the low rate. The Department has determined that because it is a product used in conjunction with dentures - which qualify for the low rate because they are medical appliances - that it is also taxed at the low rate.

91-0404 05/21/91 Product which consists of various supplies used in conjunction with medical appliance, ostomy bag, does itself qualify as a medical appliance.

91-0411 05/22/91 Sales of medical appliances and medicine, as defined in Section 130.301(c), are taxed at the lower (1%) rate (plus applicable local taxes). Oxygen sold for medical purposes is taxed at the low rate. Sales to governmental bodies, including Medicare, are exempt.

91-0491 06/27/91 The State rate for food not prepared for immediate or on-premises consumption, as well as for medical appliances and drugs, as defined in Section 130.310, is 1%.

MISCELLANEOUS

91-0313 04/11/91 Deductions from the Retailers' Occupation Tax base must be supported by documentation from the retailer's books and records.

91-0430 05/31/91 Provider of fiber optic cable network whom makes deminnimus sales to end users is subject to Invested Capital Tax contained in the Messages Tax Act.

91-0442 06/04/91 Taxpayer should purchase Sunshine Indexes for opinions on rolling stock exemption.

91-0464 06/12/91 A provision in the law allows servicemen, with a cost factor of tangible personal property amounting to less than 35% of their gross receipts from sales of service, to elect to pay Use Tax to vendors. When Use Tax is paid on items to be transferred (i.e. paper, staples) pursuant to the sale of service, the sale of service itself will not be subject to the Service Occupation Tax.

91-0469 06/12/91 Illinois business tax numbers (IBT numbers) and resale numbers (issued only to persons who make no taxable sales) are comprised of eight numbers, divided in the middle by a hyphen (i.e., 8493-4839). Although you will probably rarely see one, sometimes an IBT number will have ten (10) numbers, the last two being set off by a hyphen ("test check" digits added by the Department to that account).

MOTOR FUEL TAX

91-0288 04/04/91 There is a credit to recover Motor Fuel Tax related to off-road usage of motor fuel; however, it does not extend to fuel consumed while idling on public highways.

91-0294 04/05/91 The purchase of gasoline and other motor fuel to operate motor fuel on the highways of this State is subject to the MFT, even though the purchaser is a road district.

NEXUS

91-0345 04/25/91 Having an agent operating in Illinois will cause a company to fall within the definition of "retailer maintaining a place of business in this State" and thus be required to collect Use Tax.

91-0444 06/04/91 Out-of-State retailers with sufficient contacts with the State of Illinois, are required to register and collect Use Tax on their Illinois sales.

PENALTIES

91-0326 04/16/91 Question 12 of Section 2 of the Business Registration Application imposes no liability on anyone. That question only seeks the identity (and the signature) of the person or persons who will be responsible for filing returns and paying taxes due on behalf of the corporation. The imposition of a penalty in an amount equal to the corporation's unpaid liabilities is authorized by Section 13 1/2 of the Retailers' Occupation Tax Act and that section is conditioned upon the responsible officer or employee willfully failing to file or pay.

POLLUTION CONTROL FACILITIES

91-0281 04/03/91 Bulldozers used in a landfill to cover waste materials can qualify for the Pollution Control Facilities Exemption.

91-0301 04/09/91 A compactor that has a deodorizer can qualify for the pollution control exemption.

91-0356 05/08/91 The regulation governing the Pollution Control Facility Exemption is set out at Section 130.335.

91-0400 05/21/91 Air cleaners which prevent, eliminate, or reduce air pollution can qualify for the Pollution Control Facility Exemption.

91-0412 05/22/91 Air cleaners which are used primarily to reduce air pollution,

DEPARTMENT OF REVENUE

1991 SECOND QUARTER SUNSHINE INDEX

qualify as pollution control facilities and are exempt from the ROT. In claiming the exemption, sellers should obtain a signed statement from customers indicating that the air cleaners will be used as pollution control facilities.

91-0422 05/23/91 Section 130.335, which governs the exemption available for "pollution control facilities", states that the exemption does not extend to fuel used in operating any pollution control facility equipment. As a result, propane purchased to heat a disposal service's maintenance shop does not qualify for the exemption.

PRODUCTS OF PHOTOPROCESSING

91-0339 04/24/91 Television commercials are entitled to the exemption available to motion pictures produced for commercial exhibition.

91-0397 05/20/91 One-half of the selling price of a product of photoprocessing is subject to tax.

PROPERTY TAX

91-0279 04/03/91 A claim for the Senior Citizens Assistance Act, i.e. Circuit Breaker for pharmaceuticals must be filed no later than one year after December 31, of the year for which the claim is filed.

PUBLIC UTILITY TAXES

91-0310 04/10/91 The Gas Revenue Tax Act imposes upon persons engaged in the business of distributing, supplying, furnishing or selling gas, a tax in the amount equal to .8% of such persons' invested capital. See, Ill. Rev. Stat. (1989), ch. 120, par. 467.17a.1.

91-0436 06/03/91 This letter describes the non-application of the Gas Revenue Tax to transactions in which IL consumers of natural gas use the services of an agent to purchase natural gas directly from out-of-State sellers of natural gas.

91-0454 06/10/91 Municipally owned and operated utilities and rural electric cooperatives are not eligible to receive tax credits pursuant to the provisions of Section 8-403.1 of the Public Utilities Act ("The Act") for purchasing electricity from a qualified solid waste energy facility. That Section states that only "public utilities" required to make such purchases can receive the tax credits. Section 3-105 of the Act specifically excludes municipally owned and operated utilities and electric cooperatives from the definition of "public utilities."

RETURNS

91-0375 05/13/91 Section 130.501 allows a discount for returns that are timely filed. If a due date falls on a Saturday, Sunday or legal holiday, the due date is the next date that is not a Saturday, Sunday or legal holiday.

91-0462 06/11/91 Section 130.401 requires that taxpay-ers changing from the gross receipts to gross sales method of reporting, notify the Department of its intention to make this change.

ROLLING STOCK

91-0352 04/30/91 Lessor of motor vehicle may claim the rolling stock exemption only if the lease with the interstate carrier for hire is for a year or longer.

91-0359 05/09/91 Regulations governing the types of equipment/materials constituting rolling stock are found at Section 130.340. Form RUT-7 is used to claim the Rolling Stock Exemption.

91-0443 06/04/91 In order to document the Rolling Stock Exemption, there must be compliance with the requirements of Section 130.340 of the Department's rules.

91-0455 06/11/91 The Rolling Stock Exemption contained in the Retailers' Occupation Tax Act does extend to motor oils used in transportation vehicles. See 86 Ill. Adm. Code 130.340.

SALE AT RETAIL

91-0295 04/05/91 A rescinded transaction is not a sale at retail and can be the basis for a deduction or claim.

91-0308 04/10/91 Sale of equipment to insurance company under terms of insurance contract is subject to ROT.

91-0378 05/14/91 Wholesalers, if they meet the factual situation found in Dearborn Wholesale Grocers, Inc. v. Whitler (and subsequent cases), are not required to register or to maintain a file of resale certificates (since they make no retail sales) (all sales for resale). The Dept. however, does not issue blanket statements of non-taxability that preclude it from assessing a liability. If an entity believes it falls in the same category of businesses described in Dearborn Wholesale, it must proceed at its own risk to discontinue collection of resale certificates or not to register.

91-0395 05/17/91 When a retailer sells tangible personal property, such as

machinery or other capital assets, which he does not otherwise engage in selling, he will not incur Retailers' Occupation Tax pursuant to an "occasional sale" provision of the subject tax statute.

91-0398 05/20/91 Sale of a used boat by a private individual who is not a retailer of boats, is not a retail sale but instead is an isolated or occasional sale and as a consequence, is not subject to Illinois sales or Use Tax.

91-0434 05/31/91 If the owner of a consignment shop sells clothing for an undisclosed principal, he is liable for the Retailers' Occupation Tax. However, if the principal is disclosed, and is not engaged in the business of selling clothing at retail, no tax liability is incurred by either the owner or principal. Only where the principal is both disclosed and ordinarily engaged in the business of selling clothing at retail, will be liable for the Retailers' Occupation Tax. A disclosed principal is one: 1) whose name and address is made known to the purchaser at or before the time of sale, and; 2) whose name and address appear on the books and records of the agent.

91-0493 06/28/91 If a person sells items of a kind that he is not engaged in selling at retail, the sale is deemed an "occasional sale" and seller does not incur ROT liability. Buyer does not incur Use Tax liability.

SALE FOR RESALE

91-0363 05/09/91 Section 130.2070 governs the sale of containers, wrapping and packing materials. If the purchasers of such materials transfer ownership of the containers to their customers together with ownership of the tangible personal property in the containers, the sale is a sale for resale and not taxable.

91-0371 05/13/91 When an auto dealer purchases parts for incorporation into vehicles held in inventory for resale, he may give his supplier a certificate of resale.

91-0382 05/15/91 In lieu of an Illinois resale number, a foreign state's resale number and a certification that a purchase is for resale, shall suffice to meet the evidentiary burden of demonstrating that a particular sale is one for resale. However, unless an Illinois number is presented, the Department is not precluded from going behind the certificate and requiring further information.

91-0387 05/15/91 A blanket resale certificate may be utilized when a lessor is unsure which items will be leased and which will be resold.

91-0388 05/15/91 When a lessor/retailer purchases items from its vendor and has

no practical means to determine what amount of the items will be leased and what amount will be resold, a blanket certificate of resale is appropriate.

91-0407 05/22/91 Sales of tangible personal property, which property, to the extent not first subjected to a use for which it was purchased, as an ingredient or constituent, goes into and forms a part of tangible personal property subsequently the subject of a sale at retail, are not sales at retail as defined in the Act, provided that the property purchased is deemed to be purchased for resale despite being first used to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing.

91-0418 05/23/91 The Department issues resale numbers for periods of three years.

91-0427 05/30/91 The sale of custom boxes and bags to retailers who will sell tangible personal property contained therein is deemed to be a sale for resale and not subject to the Retailers' Occupation Tax or Use Tax.

91-0445 06/04/91 A nursing home with a 100% Medicaid funded population may obtain a resale number and give suppliers of items of tangible personal property transferred to patients a Certificate of Resale in lieu of paying tax.

91-0446 06/04/91 A Certificate of Resale must contain the information required by Section 130.1405 of the Department's rules.

91-0467 06/12/91 In order to document a sale for resale, the buyer must provide the seller with a certificate of resale that contains the elements required by Section 130.1405 of the Department's regulations.

91-0468 06/12/91 While there is no statutory requirement that certificates of resale be renewed at certain intervals, blanket certificates should be updated periodically, and no less frequently than every three years.

91-0474 06/14/91 A seller must obtain a certificate of resale from the purchaser in order to document that a sale is for resale. If a seller obtains certificate of resale from a buyer, and the registration number or resale number on the certificate is valid, the seller's tax liability on the transaction is ended. If the purchaser, instead of reselling the items, uses them for his own purposes, he incurs a Use Tax liability on the items used.

91-0496 06/28/91 A "de minimus" nursing home with both government and private pay clients, although "de minimus", should register with the Department. By doing this, it can provide its supplier with a blanket Certificate of Resale. It does not owe tax on items sold to governmental pay patients. It self-assesses tax on the items sold to private pay patients and remits to the

DEPARTMENT OF REVENUE

1991 SECOND QUARTER SUNSHINE INDEX

Department. If it does not so register, then the nursing home must pay tax on all its purchases, regardless of who those purchases are resold to.

91-0500 06/28/91 IL publishing companies/other vendors collectively purchasing front-end merchandising racks which they will give to store owners in return for the right to display their magazines/products in designated slots of the rack do not incur tax on such purchases because they are purchases for resale. See, Boye Needle Co. v. Department of Revenue, 45 Ill.2d (484) (1970) and Section 130.2070.

91-0501 06/28/91 Persons who will resell items they purchase must provide their suppliers with Certificates of Resale. The requirements for Certificates of Resale are set forth in Section 130.1405 of the Department's regulations.

91-0275 04/02/91 SOT applies to cleaning services.

91-0298 04/08/91 Legislation has raised the threshold for the Service Occupation Tax for printers and others in graphic arts production from 35% to 75%.

91-0325 04/16/91 This letter sets out tax treatment applicable to maintenance agreements sold in 1990 and 1991.

91-0357 05/08/91 Persons who are engaged in making xerox copies for customers, are servicemen.

91-0370 05/13/91 A primary serviceman's "cost price" of a lump sum bill of a subserviceman is equal to one-half of the invoice.

91-0383 05/15/91 If a serviceman is unable to determine at the time when he purchases tangible perosnal property how he will ultimately dispose of such property, he may give his supplier an exemption certificate which will relieve his suppliers of liability for collecting the tax.

91-0386 05/15/91 This letter discusses the tax treatment applicable to repair service contracts.

91-0419 05/23/91 The Service Occupation Tax applies to a company that remanufactures a transmission for a customer; actually remanufacturing the customer's old transmission.

1991 SECOND QUARTER SUNSHINE INDEX

91-0428 05/30/91 Duplication of video tapes measures Service Occupation Tax, regardless of the nature of the tapes or number of copies created. As long as the master tape is the property of the customer, no Retailers' occupation Tax is incurred.

91-0435 05/31/91 An out-of-State corporation engaged in removing hazardous wastes is a serviceman, and is subject to the Service Occupation Tax. Its tax liability would be measured by either 6.25% (plus local taxes) of the separately stated selling price of the tangible personal property transferred to its customers, or if not separately stated, then on 50% of the entire service billing. However, if the cost price of the property transferred is less than 35% of the entire service billing, then the serviceman is "de minimus" and can pay his supplier Use Tax on the property transferred and avoid the SOT entirely. The equipment such serviceman brings into Illinois to use is subject to the Use Tax (granted a reasonable allowance for depreciation and credit for taxes properly paid to another state).

91-0439 06/03/91 Illinois imposes a Service Occupation Tax when tangible personal property is transferred incident to service.

91-0447 06/05/91 This letter explains the tax treatment applicable to the production, duplication and sale of video tapes.

91-0448 06/05/91 Service Use Tax owed by taxpayer on printing and mailing job performed by out-of-State printer.

91-0452 06/10/91 Effective 1/1/91, gross receipts from the sale of an extended warranty are not subject to IL Retailer's Occupation Tax liability. The serviceman incurs a Use Tax liability based on his cost price of repair parts transferred in making repairs pursuant to the extended warranty.

91-0457 06/11/91 If a sign manufacturer produces a sign on special order of the customer and the sign is so specialized that it would be commercially valueless to anyone other than the particular customer who placed the order, the transaction would be subject to the Service Occupation Tax.

91-0472 06/13/91 If the cost price of tangible personal property transferred incident to the sale of service is less than 35% of the total bill to the service customer, then rather than charge tax to his customer, the serviceman may pay tax to his supplier when he purchases tangible personal property for transfer incident to the sale of service.

SELLERS OF NEWSPAPERS, MAGAZINES, ETC.

91-0272 04/01/91 The sale of coloring books does not qualify for the exemption extended to sales of newspapers and magazines.

91-0344 04/25/91 Film used to produce pictures for a newspaper display is taxed to the user.

91-0405 05/21/91 Magazines that display homes and are published once a month, can qualify for the Newsprint and Ink Exemption under the authority of Moody's Investor Service, Inc. v. Department of Revenue, 101 Ill.2d 284 (1984).

SERVICE OCCUPATION TAX

91-0393 05/17/91 In a multi-service printing situation, each serviceman must either document an exemption from the SOT, or charge tax to his customer. If a serviceman is de minimus, however, he may choose to pay Use Tax to his supplier or self assess the tax and remit it to the Department rather than registering, collecting tax from his customer and filing monthly returns. If he does this, his tax liability is at an end. If a serviceman opts for de minimus status, he cannot claim exemptions available only under the ROT or SOT, such as the Newsprint & Ink Exemption. If all servicemen are de minimus, tax will be paid at each juncture of the sales ladder. In order to avoid this result, servicemen could register and provide their supplier with some type of exemption, i.e., Certificate of Resale, if applicable. Only the primary serviceman would incur a liability.

91-0451 06/10/91 Effective January 1, 1991, the sale of an extended vehicle service contract is not taxable under the Retailers' Occupation Tax. However, parts transferred pursuant to these agreements subject the serviceman to a Use Tax liability on the cost price of the parts transferred incident to service on the agreements.

91-0479 06/19/91 If a nursing home's cost price for tangible personal property is less than 35% of its total gross receipts for a transaction (on a case-by-case or annual basis), it is exempt from registering as a serviceman and filing monthly returns. Instead, it can choose to pay Use Tax to its suppliers on the cost price of goods transferred to patients. In the case of food, nursing homes meeting the 35% threshold can pay Use Tax to grocers or other retailers at the low rate of tax when they are not buying food prepared for immediate consumption.

TELECOMMUNICATIONS EXCISE TAX

91-0277 04/02/91 Mobile phone service and paging services are subject to the Telecommunications Excise Tax.

91-0333 04/19/91 If a State University provides free telecommunication services to its students as an adjunct to accommodation for its students, the University is not considered a seller of such services, but is considered a user of these services itself. As such, no Telecommunications Excise Tax would be applicable.. However, the tax would apply to any long distance services provided and local calls billed separately for those telecommunication services.

91-0364 05/10/91 Libraries and schools which are not state universities/libraries must register and collect/remit the Telecommunications Excise Tax ("the Tax") when they sell fax services to the public. If such libraries/schools use "telecommunications" in the course of their business, they must pay the tax to the provdiers of such services.

91-0390 05/16/91 The determining factor for the imposition of the Telecommunications Excise Tax is not the location of the reseller of such services, but where the customer purchases such service for use or consumption is located and where the telecommunication services are originated or received.

91-0437 06/03/91 Telecommunications service which originates or terminates in IL and is billed to customers in IL is subject to Telecommunications Excise Tax liability.

TRADE-INS

91-0314 04/11/91 Dealers selling automobiles to purchasers/lessors may take trade-ins.

91-0347 04/26/91 Gross receipts do not include the value of a credit given for traded-in tangible personal property where the item that is traded-in is of like kind and character as that which is being sold.

91-0353 04/30/91 There is nothing improper about taking an automobile in trade prior to the time the new vehicle is delivered to the customer. In order to receive credit for the trade-in, the dealer must maintain documentation sufficient to show that the vehicle was in fact, traded-in.

USE TAX

91-0278 04/02/91 Maintenance of a sales office in Illinois requires out-of-State seller to register as a Use Tax collector for Illinois.

91-0286 04/03/91 This letter sets out the temporary storage exemption as it relates to business forms brought to Illinos for personalization.

91-0321 04/16/91 Illinois has no provision for refunding sales tax paid by nonresidents vacationing here.

91-0324 04/16/91 When purchase orders are accepted out-of-State and inventory is not maintained in Illinois, the Use Tax on sales to Ilinois customers is 6 1/4%.

91-0329 04/16/91 There is no provision for the refund of Use Tax paid by visitors to Il who purchase and take delivery of tangible personal property while in IL.

91-0355 05/02/91 Servicemen transferring tangible personal property pursuant to a service maintenance agreement do not incur a Service Occupation Tax. Rather, they pay their suppliers Use Tax on the cost price of the tangible personal property they transfer to their customers and do not charge customers tax. If the supplier does not collect the Use Tax, the serviceman must self-assess it to remit it to the Department.

91-0374 05/13/91 The Use Tax is imposed on the privilege of using in this State, any kind of tangible personal property that is purchased anywhere at retail from a retailer.

91-0384 05/15/91 When a retailer gives a cabinet to each customer that buys a machine, no Use Tax is incurred by the retailer.

91-0402 05/21/91 Taxpayer may not take a credit against Illinois Use Tax liability for the amount of Ohio personal property tax paid on a piece of tangible personal property.

91-0403 05/21/91 The non-resident exemption from the tax afforded by Section 150.315(a) extends only to individuals. The non-resident exemption for business is found at Section 150.315(b).

91-0415 05/22/91 The fact that a Use Tax liability will surpass the revenue generated by the rental of an item in Illinois is not unconscionable, nor does it make the Use Tax confiscatory. (See Philco Corp. v. Ill. Dept. of Revenue, 40 Ill.2d 312, 1968).

DEPARTMENT OF REVENUE

1991 SECOND QUARTER SUNSHINE INDEX

91-0438 06/03/91 If an out-of-State retailer has sufficient presence in Illinois, he is required to register and collect Use Tax on his Illinois sales.

91-0458 06/11/91 This letter describes the application of 86 Ill. Adm. Code 150.315(b) to a leasing company which moves to IL and brings with it an airplane which it bought outside IL and used outside IL for more than 3 months before being moved to IL.

91-0461 06/11/91 Equipment and materials used by a contractor in fulfilling its contract with a unit of government are Illinois Use Tax, even if ownership of the equipment is ultimately retained by the government.

91-0466 06/12/91 An out-of-State retailer that falls within the definition of a "retailer maintaining a place of business in this State", is required to collect Use Tax.

91-0486 06/27/91 If an out-of-State retailer falls within the definition of a "retailer maintaining a place of business" in Illinois, he must register and collect and remit Use Tax on his IL sales.

91-0494 06/28/91 If a person falls within the definition found in Section 2 of the Use Tax Act of a "retailer maintaining a place of business: in Illinois, he must register to collect and remit the Use Tax on his IL sales.

VEHICLE USE TAX

91-0331 04/19/91 The Vehicle Use Tax does not apply when a junking cetificate is issued pursuant to Section 3-117(a) of the Motor Vehicle Code. (See Ill. Rev. Stat. (1989), ch. 95 1/2, par. 3-1001(v).)

VENDORS

91-0497 06/28/91 Section 130.2135 states that sales of merchandise from a bulk vending machine for one cent are exempt from ROT.

The Sections Affected Index lists, by Title, each Section of a codified Part on which rulemaking activity has occurred in this volume of the Register and is divided into two parts: the first lists the Sections on which rulemaking occurred in the previous issues of this volume year; the second lists the Sections on which rulemaking activity occurred in this issue of the Register. (The headings at the top of each page indicate the two parts: the first part shows the previous issue numbers inclusively and the date of the last published issue; the second lists the current issue number and date.) The columns in both parts indicate the type of rulemaking activity and the action taken along with the page number on which the first page of the notice of rulemaking activity appeared. If a Section on which action is being taken in the current volume (calendar year) of the Register was proposed in a previous volume, the last two digits of the previous volume's year appear immediately after the page number separated by a slash. (e.g. 1 Ill. Adm. Code 100.280 was proposed last year and adopted this year. The action entry reads: (P-8577/89; A-724) The codes for both columns are listed below. For a complete listing of the Titles of the *Illinois Administrative Code*, please refer to 1 Ill. Adm. Code 100.140 or contact the Administrative Code Division.
